

ACADEMIC '81-'82 BEGINS ON UPBEAT TRACK; FALL ENROLLMENT NEAR RECORD

Summer vacation ended this week for approximately 6,300 students as college dormitories opened and the moving-in process began. Classes at the college officially began Wednesday morning.

Despite predictions of declining enrollments, the picture at Plattsburgh State remains bright. In fact, this fall's enrollment is expected to be near a record level. The high enrollment is due to several factors, according to college officials. A dramatic rise in the yield rate caused freshmen admissions to be closed on May 12 last spring, the earliest date in history. A higher retention rate also contributed to the high enrollment, since fewer students than expected "dropped-out."

College dormitories are again filled to over-capacity, according to Dr. Eldridge Roark, Vice President for Student Affairs. Roark said that 3,150 students were assigned to the residence halls which have a normal capacity of 2,850. This means that 300 rooms will house three students instead of the usual two.

Opening week is packed with activities designed by the Student Affairs and the Academic Affairs staffs to familiarize students, parents, faculty, staff and other members of the college community with the various components comprising the college environment. The schedule includes campus tours, two parent/student/faculty/staff dances, an all-college picnic, department receptions, a trip to Twin Valleys, several coffee houses, art exhibitions, a "Root Beer Float," and three soccer games.

A major change in the college's administration is in effect during the fall semester. President Joseph C. Burke is currently on a five-month sabbatic leave and Dr. Jerome Supple, Vice President for Academic Affairs has been named Acting President. Dr. Charles Warren, Dean of Arts and Science, is serving as Acting Vice President for Academic Affairs and Dr. Hounq Liu, Chairman of the biology department, is Acting Dean of Arts and Science.

CAMPUS SCHOOL, ENROLLMENT GOALS DISCUSSED BY SUPPLE IN ADDRESS TO FACULTY

In an address to faculty opening the 1981-82 academic year, Acting President Dr. Jerome Supple announced that the campus school would close in June despite a legislative attempt to keep it open and discussed revisions in the College's five-year enrollment goals and efforts to improve retention.

Supple opened his speech with a discussion of the Campus School Bill passed by the New York State Legislature this summer, but vetoed by Governor Hugh Carey in late July. Supple said the College had not supported the bill because "regardless of the good intentions of the framers of the bill in the Assembly and the Senate, the end result of passage of the bill would be that the Campus School would in all likelihood continue at the direct expense of other programs at the College."

As a result of the Governor's veto of the bill, grades 2 through 8 will operate for one more year. The FLIP program, however, will function in grades K through 6. No new students will be admitted and the principle focus of the school's activities will be to prepare students for the transition to other schools.

The acting president then outlined revisions in the College's enrollment goals through 1985. The original Five-Year Plan called for a budgeted figure of 5,700 full-time equivalent students in 1980-81 gradually declining to 5,376 FTE's in 1985-86. However, "a very significant increase in our continuing and returning student population" made it clear that revisions were necessary. Supple explained that new figures project "a constant enrollment through 1983 in terms of new students and continuing students. In 1984 and 1985 a decline in the number of new students and an increase in continuing and returning students is projected to keep us at a constant student population of 5,825 annual average FTE's." Although these figures have been accepted by SUNY Central, he added, they are still subject to revision by the Division of the Budget.

To realize the enrollment goals without sacrificing quality, Supple said, "the key factor must be an improvement in our retention." He then outlined several efforts in that area, including the naming of ten Plattsburgh College Foundation Scholars selected solely on the basis of academic merit to receive full-tuition scholarships, the encouragement of outside-the-classroom contact between faculty and students, and studies to determine why students leave college before receiving their degree. Ann Hasting, in the Vice President for Academic Affairs Office, and Thomas Moran, in the Vice President for Student Affairs Office, have been designated to coordinate efforts to improve retention.

17 FACULTY MEMBERS PROMOTED; 5 NAMED PROFESSOR

Seventeen faculty members have received promotions this fall. Promoted to full professor were **Dr. Richard Beach**, geography; **Dr. Mark Cohen**, anthropology; **Dr. Roger Heintz**, chemistry; **Dr. Young Jang**, business and economics; and **Dr. James Olmsted**, earth science.

Dr. Beach, who joined the geography department in 1970, became involved with the Center for the Study of Canada in 1975 and currently serves as Director of Canadian Studies and International Education. He received the Chancellor's Award for Excellence in Teaching in 1976.

Dr. Cohen, on the PSUC faculty for ten years, teaches courses in human evolution and ecology. He is a former winner of a fellowship to Stanford University's Center for Advanced Study.

Dr. Heintz, on the faculty of the chemistry department for the past six years, is presently involved in protein biosynthesis research which is funded through an NIH grant.

Dr. Jang, a member of the college faculty since 1968, has authored seven books and numerous articles and papers dealing with the economics of public utilities. He is a former recipient of a SUNY Faculty Research Fellowship and a United Nations Development Program grant.

Dr. Olmsted is in his fifth year as chairman of the earth sciences department. He is currently involved in mapping the Ausable River quadrangle and expects to publish those results in the near future.

Promoted to associate professor were **Dr. Ronald Davis** and **Dr. Thomas Morrissey**, English; **Dr. Naomi McCormick** and **Dr. Lawrence Shaffer**, psychology; **Mr. Roger Williams**, art; **Dr. Robert Withington**, business and economics; and **Ms. Janet Alexander**, nursing.

Dr. Ruth Kline, theatre, and **Ms. Patricia Grippe**, ERDC, were promoted to assistant professor.

Mr. Robert Burton was promoted to librarian; **Ms. Nancy Hoshlyk** was promoted to senior assistant librarian, and **Mr. Joseph Swinyer** was promoted to associate librarian.

CAMPUS BEAUTIFICATION COMMITTEE FORMED

J. Derek Allan, facilities director, has been appointed chairperson of a newly formed campus beautification committee which was established by President Burke. Allan said the committee will be divided into three subgroups to study grounds and landscaping, building interiors and building exteriors. Toward the end of the semester, the committee will prepare a report for the president with recommendations on upgrading the appearance of the campus. Other members of the committee include Edward Brohel, Angela Cacchione, Ernest Coons, Ann Hasting, Paula Hays, Ruth Kline, William Laundry, Robert Miller, Anna Nardelli, James Olmsted, Douglas Skopp, Philip Walker, and Dauí Wooden.

Allan encourages anyone who wishes to offer suggestions to the committee to contact him.

ART FACULTY EXHIBITION OPENS

The Annual Art Faculty Exhibit opened last weekend in the Myers Fine Arts Gallery and will be on display through September 27. Artists from the PSUC faculty included in the exhibition are Robin Brown, William Crosby, Joseph Hennessy, Thomas Holland, Glen Hoover, William Klock, Merrell Leavitt, Rick Mikkelson, Rosemary Olmstead, William Robbins, Rick Salzman, Judy Van Wagner, and Roger Williams.

Types of work on display include photographs, paintings, articles on art history, a sculptural installation, glass sculpture, abstract composite works, ceramics, jewelry and weavings.

The exhibition, according to gallery director Ed Brohel, shows "the varied and sizable art produced by the PSUC faculty. In addition to teaching responsibilities, the faculty continues to explore and develop their own work and professional accomplishments."

Also on exhibit this month are photographs by David Haxton in the Rockwell Kent Gallery Alcove, and photographs by students Jeff Lucas and Bruce Feeley in Myers Lobby.

COLLEGE COUNCIL TO MEET THURSDAY, SEPT. 3

The next regular meeting of the College Council will be held at 4 p.m. on Thursday, September 3 in the 10th Floor Board Room in the Kehoe Building. Included on the agenda is approval of the 1982-83 budget and a presentation on the Technical Assistance Center.

NHL HOCKEY IS COMING TO CAMPUS!

The first National Hockey League match to take place in Plattsburgh will be held in the Field House at 7:30 p.m. on Wednesday, September 23, when the Detroit Red Wings meet the Quebec Nordiques in a pre-season exhibition game. The game is co-sponsored by the Student Association and the Cardinal Booster Club, with profits to benefit the Booster Club Scholarship Fund.

Tickets are \$6 for the general public and \$4 for PSUC students. Tickets are on sale at the College Center Desk, The Barber Shop, Cahill's Sporting Goods, Fountain and Lucas, and Ormsby's Sports World.

NOTES ON WEEKLY

Last May we asked our readers to evaluate WEEKLY and 162 people responded. Many indicated they would be interested in the survey results. Of those responding, 94.4% indicated they read all or most of WEEKLY each week. A slightly higher percentage (94.9%) said WEEKLY fulfills a need for regular campus communication, and 91.4% indicated that WEEKLY provides them with their first notice of campus news and events.

WEEKLY was commended by many readers for its credibility and objectivity, but was criticized by a few for publishing only "the administration's view of things."

WEEKLY's editors appreciate your comments and suggestions and invite you to continue to let us know your opinion!

A reminder note — WEEKLY's deadline is Monday noon each week. Information may be submitted either by calling 564-2090 or by sending (or bringing) it to the College Relations Office in Kehoe. We appreciate receiving information about faculty and staff achievements for the WEEKLY Notes section. Calendar information should be submitted to Rich Mole, Director of Campus Life Programming (564-2289) by Friday morning of the week prior to publication.

COUNCIL APPROVES \$20,033,100 BUDGET FOR 1982-83

By an 8-0 vote, the College Council Thursday approved the submission of a \$20,033,100 budget to the SUNY Board of Trustees. The proposed 1982-83 budget is \$1,130,100 (5.9%) higher than the 1981-82 adjusted budget, and contains a request for nine new positions, eight of which are faculty positions.

The major portion of the increase in the budget is due to negotiated salary increases for faculty and staff, and the increased cost of supplies.

After review by the SUNY Board of Trustees, the proposed budget will be submitted to the NYS Division of the Budget before action by the New York State Legislature.

DEPARTMENT CHAIRPERSONS NAMED

Several departments have new chairpersons this year, and several others have renewed their chairpersons for another term. New chairpersons include Dr. Ann Tracy, English; Dr. Douglas Skopp, history; Dr. William Culver, political science; Dr. Peter Hornby, psychology, and Dr. Donald Haight, counseling. Chairpersons named to another term include Dr. Prem Gandhi, business and economics; Mr. Al Montanaro, communications; Mr. Julius Archibald, computer science; Dr. James Olmsted, earth science; Dr. Malcolm Fairweather, geography; Dr. Robert Hofer, mathematics; Dr. Herm Matlock, music; Dr. David Mowry, philosophy; Dr. Donald Ryan, physics; Dr. Charles Kline, theatre; and Dr. Marilyn Chase, home economics. In the biology department, Dr. Hounq Liu will continue as chairperson, but is Acting Dean of Arts and Sciences this semester, so Dr. Ralph Clark will act as chairperson this fall. Mr. Hyman Freeman has been designated acting chairperson of hearing and speech science. Mr. Harry Bowen has been named acting director of the Instructional Resources Center for this year, replacing Dr. Richard Stowe, who recently resigned.

MAMMANO AWARDED \$13,000 RESEARCH GRANT

Dr. Nicholas Mammano, professor of chemistry, has been awarded a \$13,000 grant from the Petroleum Research Fund of the American Chemical Society. The two-year grant will support his research on "Thermodynamics of Ultrafine Graphite." Mammano said that he will be assisted in his research by undergraduates.

Two other members of the chemistry department faculty, Dr. Gerald Kokoszka and Dr. William Krueger, have also had research supported through this competitive grant program.

LENNAHAN APPOINTED PLACEMENT DIRECTOR

Patrick J. Lennahan has been appointed Director of Career/Life Planning and Placement. Lennahan, who assumed his duties on August 3, is the former Director of the Office of Career Development and Placement at Marist College in Poughkeepsie. Prior to becoming director there, he was a career counselor and residence director.

While at Marist, Lennahan served on the Administrative Policy Committee and on that committee's team for college contract negotiations. He also served as associate supervisor of testing centers for the Education Testing Service and the American College Testing Program, as well as a consultant on various projects involving career planning and educational testing.

He received a B.A. degree in psychology and English literature from Seton Hall University and is presently a doctoral candidate in counseling and student personnel administration at Cornell University.

BRAGA PUBLISHES POETRY

The Musee de Poesie in Carpentras, France recently published a collection of French poems titled *Chants Fugitifs* by Dr. Thomas Braga, associate professor of French. Braga's poems deal metaphorically with the American ethnic experience and are the results of his sabbatical leave last year. During his leave Braga worked in Brazil and at Brown University, as well as in France. Prior to publication of his works, Braga gave a reading of his verse at the Musee de Poesie.

NOMINATIONS SOUGHT FOR HONORARY DEGREE CANDIDATES

Nominations are now being solicited for candidates to receive honorary degrees from the State University of New York next spring. Honorary degrees are intended to recognize excellence and extraordinary achievement which exemplify the mission and purpose of SUNY; to honor meritorious and outstanding service to SUNY, New York State, the United States or humanity at large; or to recognize persons whose lives and significant achievements should serve as examples of the University's aspirations for its students.

Nominees may not (except under unique and unusual circumstances) be members of the SUNY Board of Trustees, the College Councils, Community College Boards of Trustees, currently employed in the SUNY system, or current public office holders or active candidates for public office.

A campus committee has been formed to accept and review nominations from the campus. Members of the committee include Dr. Marilyn Chase, Dr. Mark Cohen, Dr. Carl Engelhart, Dr. Ralph Grover, Dr. Ann Zelinski, and Dr. Gerald Kokoszka. Nominations may be submitted to any of the committee members or to Dr. Supple.

COLLEGE RECEIVES \$105,150 DOE GRANT

Plattsburgh State has been selected to receive a third energy conservation grant from the U.S. Department of Energy. Facilities Director Derek Allan announced in August that DOE has awarded \$105,150 to the College to continue energy conservation work begun under two previous grants. The money will be used to convert air conditioning equipment in Yokum Communications/Lecture Hall from a fuel-operated system to one operated by electricity. This conversion has already been done in Beaumont Science Building and the College Center with the money from the two previous grants. The eventual goal, Allan explained, is to convert all air conditioning units so that the heating plant can be shut down in the summer, effecting a large savings in fuel oil. Although electrical costs will increase with the new system, the College will still experience a substantial reduction in energy costs.

HALLORAN-STUART RECITAL OPENS CHAMPLAIN CHAMBER MUSIC SEASON

The Champlain Chamber Music Series opens its 1981-82 season with a recital by soprano Rosanne Halloran and pianist Kathryn Stuart on Sunday, September 13 at 8 p.m. in the Hartman Theatre. The program will include songs of Schubert, Debussy and Argento and piano works by Beethoven, Prokofieff, and Mendelssohn. Ms. Halloran appears regularly as a soloist with the Cantata Singers and Emmanuel Music in Boston. As a member of the Boston Camerata, she participated in a two-week concert engagement in Paris. Ms. Stuart, who has appeared throughout the East both as a soloist and with various orchestras, is assistant professor of music at the College.

CABLE CHANNEL 10 BEGINS BROADCASTING SEPT. 14

Instructional Resources has announced it will again be providing educational programs to the campus and community through the facilities of the Ausable Communications Cable System on Channel 10 beginning on September 14. According to media manager Ken Duquette, "we are attempting to provide more college-produced programs, hopefully to enhance our college's image."

The student produced program, Videomontage, has been expanded this semester and will be seen Monday through Thursday evenings from 7 to 7:30 p.m. Special showings of the film "SUNY: Something Different" will highlight the first week's programming. The film will be seen on Monday at 10 a.m., Wednesday at 6:30 p.m., and Friday at 10:30 a.m.

Channel 10 programming will be broadcast Monday through Friday from 10 to 11 a.m. and Monday through Thursday from 6:30 to 8:30 p.m.

4,500 ALUMNI TO RECEIVE CALLS DURING TELETHON

During the next month, every Plattsburgh State alumnus known to be living in New York State will be telephoned, as part of a massive alumni fund telethon. Chaired by Mike Murray, '75, the telethon is designed to increase alumni participation in the annual fund drive. Alumni Affairs Director Mal Lavery explained that, although the goal of the drive is, of course, to raise as much money as possible, this year's specific target is a gift from each alumnus, regardless of size. Two committees will conduct the telethon, one made up of alumni and one composed of students. The alumni will call their classmates from the years 1923-1970. The students will make calls to the most recent graduates (1971-1981). In addition to soliciting contributions to the alumni fund, the telethon will help to update records on the Plattsburgh graduates. Lavery estimates that 4,500 alumni will be contacted during the month-long drive. The telethon, which is the first of its kind on the Plattsburgh campus, will be conducted from WCFE-TV facilities, through the generosity of the public broadcasting station.

The 1981 alumni fund drive kicked off in June with solicitation letters being sent to 17,000 alumni. According to Gil Duken, '56, fund drive chairman, over 500 alumni have responded, donating approximately \$12,500 to date to the fund, which is used for scholarship assistance to students.

EMPLOYEE ASSISTANCE PROGRAM SIGNED INTO EFFECT

A program designed to help PSUC employees deal with personal problems which may be interfering with their work has become available on campus. An agreement to put the Employee Assistance Program into effect was signed last Friday by Acting President Jerome Supple and CSEA President Betty Lennon.

The Employee Assistance Program will make available to employees a referral service for diagnosis, counseling and treatment for problems such as alcoholism, drug abuse, marital problems, and financial difficulties. Employees may refer themselves or they may be requested to seek assistance by their supervisor as a result of poor job performance. The EAP provides a possible alternative to disciplinary action when personal problems interfere with job performance.

Dr. David Bedworth, assistant professor of health, physical education and recreation has been named campus coordinator of the program. In this capacity, Bedworth will assist campus employees with referrals to community agencies. The service will be completely confidential.

Bedworth will be supervised by a committee co-chaired by Lennon and Personnel Director Vic Ovalle, and consisting of representatives from the unions on campus, including Gerald Dominy (Professional, Scientific and Technical Unit), Carl Frazier (Council 81-Security), Dr. Ken Schaeffer (UUP) and Tony Trombley (CSEA).

Lennon explained that, although the EAP is a benefit negotiated through the CSEA, members of all of the unions on campus may use the service. Ovalle praised the program and said that the college's investment in it will pay off in terms of more productive employees, better morale and less time lost. He added that information sessions to familiarize employees and supervisors with the EAP will be held soon.

The college's EAP agreement is the first one to be implemented in Clinton County and one of the first half dozen in the SUNY system.

FIRST FOUNDATION SCHOLARS ARRIVE AS FRESHMEN

Among the new freshmen on campus this semester are the first ten Plattsburgh College Foundation Scholars. These ten students were selected to receive four-year full tuition scholarships solely on the basis of outstanding academic achievement.

The Foundation Scholar program was designed to attract top caliber students to the College and these ten students reflect the success of that goal. Their high school averages ranged from 93.5 to 96.3 and averaged 95.1, while their SAT scores ranged from 1200 to 1340 and averaged 1260.

The Foundation Scholars, their hometowns, and their intended majors are: Stephen Burdeau, Plattsburgh, computer science; Theresa Calfapietra, Bohemia, nursing; Kenneth Edwards, Peru, computer science; Janet Hoeflein, Endicott, accounting; Thomas Hurysz, Webster, environmental science; Carla Rudd, Somers, business; Robert Szustakowski, West Seneca, environmental science; Beth Thomas, Rensselaer, medical technology; Michael Tracey, Clifton Park, engineering; and Patricia Trudeau, Ticonderoga, speech and hearing/handicapped education.

The Foundation Scholars will be greeted by Acting President Supple and Foundation President E. Glenn Giltz at a reception in their honor on September 22.

CORIGLIANO CHOSEN FOR SUNY FACULTY SENATE COMMITTEE

Thomas Corigliano, Director of Academic Advisement, has been selected by the SUNY Faculty Senate Executive Committee to serve on the Senate Committee on Undergraduate Academic Programs and Policies for the 1981-82 academic year. The committee is one of five standing committees of the University Faculty Senate, which serves as the official agency through which the university faculty engages in the governance of the university. This particular committee will review such areas as existing and proposed curricula, standards for academic degrees, teaching techniques and evaluation, special undergraduate programs, articulation among SUNY units, and various aspects of international education and development.

INTERNATIONALLY RENOWNED PSYCHIATRISTS TO SPEAK ON CAMPUS

The College's Psychological Services Office will take advantage of an upcoming meeting of the International College of Psychosomatic Medicine to host a campus meeting on psychosomatic medicine. Dr. Paul Morocco announced that a two hour seminar featuring several experts in that field will be held from 7-9 p.m. on September 23 in the College Center Ballroom. He explained that the psychiatrists will be in the area to attend their annual conference which will be held during the following few days.

The seminar will include presentations by: Dr. Chase Kimball, professor of psychiatry at the University of Chicago's Pritzker School of Medicine, who will discuss the present status of psychosomatic medicine; Dr. Helmuth Freyberger, professor of psychosomatics at the Hannover Medical School in West Germany, who will speak on European views of psychosomatic medicine; Dr. Günsel Koptagel-Ital, professor of psychiatry and chairman of the department of psychoneuroses and psychosomatics at Turkey's Istanbul University, whose topic will be Sociocultural Influences of Illness and Illness Behavior; and Dr. Jan Bastiaans, of Holland, president elect of the organization, who will speak on the problems of hostages and political oppression. The final speaker will be Dr. Adam Krakowski, senior attending psychiatrist at CVPH Medical Center and president of the I.C.P.M., who will discuss practical applications of psychosomatic principles in the general hospital and the community.

BUSINESS 'CAREER NIGHT' SET FOR SEPTEMBER 23

The Business and Economics Department, the Career/Life Planning Office and the Business Advisory Council have put together a program for all students interested in a career in business. The session will be held at 7 p.m. on September 23 in the Hartman Theatre and will feature discussion of how to market yourself, the occupational outlook for business, the importance of the grade point average, and personal discussion of their careers by the panelists. Panelists include Stan Sankowski, manager of college and professional recruiting at IBM; Ronald Jones, manager of GE's air defense systems department; Hap Phair, from Harris Corporation's personnel office; Robert W. Clute, retail sale manager of Merrill-Lynch's Albany office; and Susan Doe, market research analyst at Plattsburgh Foundry. Also on the program will be Joan Saunders, chairperson of the Business Advisory Council, Dr. Prem Gandhi, department chairperson; and Patrick Lennahan, placement director.

MUSICIANS CATHY WINTER AND BETSY ROSE TO PRESENT CONCERT AND WORKSHOPS

The Women's Studies Program will present a concert by songwriters and musicians Cathy Winter and Betsy Rose at 8 p.m. on September 23 in the Orchard Room. The two have performed at coffee houses, colleges, and concerts from coast to coast. Their music, characterized as folk, is directed at women's roles in society. The concert will reflect a mixture of their own songs and music as well as music they have collected. The concert is free and open to the public.

In addition to the concert, the women will present two workshops in the Blue Lounge. The first, "Songs of Working Women," which will be held from 2-4 p.m. on September 23, will encourage people to take a broader look at their work attitudes and options. On Thursday, from 11 a.m. to 1 p.m., they will conduct a workshop on "Women in Music," treating the images, stereotypes and effects of popular music, offering alternatives to that music and tracing the development of the feminist cultural movement. Attendance will be limited. For reservations, call Patti Bentley at 564-2774.

The course entitled "**Orientation to Counseling Via Television**" will be broadcast over campus cable Channel 9 at **1 pm and 8 pm Monday through Thursday**.

MALANCHUK AWARDED \$45,000 FOR SYSTEMS ECOLOGY STUDY

Dr. John Malanchuk, associate professor of environmental science, has been awarded \$45,000 by the U.S. Environmental Protection Agency to study "Ecological Effects of Toxic Substances on Ecosystems Level Properties."

Malanchuk will be working closely with the Environmental Research Laboratory in Athens, Georgia on his project. The thrust of the research is to develop a computer program which will allow ecologists to predict what will happen when toxic substances are added to an aquatic environment. He explained that two herbicides frequently used in this area, atrazine (used to kill weeds in cornfields) and 2,4-D (used to kill shrubs under power lines) will be tested in the ERL's continuous flow channel microcosms, since these chemicals have already been thoroughly tested and their effects on the environmental are well-known. Malanchuk will attempt to prepare a computer program which will duplicate the results of the actual aquatic tests.

BROHEL NAMED TO SUNY COMMITTEE ON THE ARTS

Edward R. Brohel, the College's gallery director, has been appointed by SUNY Chancellor Clifton R. Wharton, Jr. to serve on the University-wide Committee on the Arts for the 1981-82 academic year. In addition, the committee's chairman, Dr. James Young, president of SUC Potsdam, has invited Brohel to serve on its five-member executive board.

Brohel is the first person from Plattsburgh State to serve on the 19-member committee, which develops and coordinates intercampus programs in the arts and acts in an advisory capacity. During the committee's fifteen year history, it has sponsored programs and festivals in the visual arts, theater and music.

Brohel will continue to serve as chairman of the Council of SUNY Gallery Directors, a position to which he was elected last fall.

SUNY NAMED 'EMPLOYER OF THE YEAR' FOR HIRING BLIND

The State University of New York was named "Employer of the Year" by the Northeast Association for the Blind of Albany, Inc. at a recent awards dinner. NABA commended the SUNY system for its willingness to hire persons trained by that organization and referred specifically to SUNY Albany, Central Administration and Plattsburgh State.

Plattsburgh became involved in the program last spring when Chris Provost of Saranac, blind since birth, was hired on a CETA line in the maintenance department. Provost, who is being supervised and trained by Frank Crimi and Marty Selby, works on small engine repairs and is sometimes assisted by his guide dog, Lief.

NABA representative Ron Loeber had high praise for Crimi and Selby during a recent visit to campus, particularly for their willingness to "always go that extra mile — and further."

Executive vice chancellor Donald O'Dowd accepted the award for SUNY. Plattsburgh was represented by Provost, Selby and personnel administrator Paula Hays.

CAMPUS GRANT APPLICATIONS EVEN; ACTIVE \$\$\$ DOWN

The number of grant applications processed on the campus from September 1, 1980 through August 31, 1981 is exactly equal to the number processed during the previous year, according to an annual summary report on grants prepared by Dr. Paul Roman, Dean of Graduate Studies and Research.

The report notes that during these two years, 72 grant applications were processed. This past year, the applications collectively requested \$3,499,161, down slightly from \$3,572,207 requested the previous year.

The report also shows a decline in active grant monies on campus over the past two years. On August 31, 1979, active grant money totalled \$1,546,100, which declined to \$1,382,755 in 1980 and to \$1,173,410 in 1981.

Roman's report covers only those grants which are handled through the Research Foundation and does not include TAC grants, individual fellowships, stipends or grants-in-aid.

SPECIAL PROGRAMS FACT SHEET RELEASED

Three special programs at Plattsburgh generate \$664,566 in external funding, serve 446 students and employ 14 professional staff on a full-time basis. The three programs are the Educational Opportunity Program, the Upward Bound Program, and the Special Services Project, and the figures were compiled in a fact sheet by Peter Luguri, coordinator of special programs.

Luguri explained that the Educational Opportunity Program is currently funded at \$230,360, with an additional \$33,400 having been spent on the EOP Summer Program. EOP is presently serving 268 students, 38 of whom participated in the summer program.

Upward Bound, which presently has 117 high school students on its rolls, is funded at \$237,934 this year, and the Special Services Project has a budget of \$162,872 this year. SSP is currently serving 61 SSP-only students, in addition to the 268 EOP students who are also eligible for those services.

Plattsburgh is one of only four SUNY institutions having all three of these special programs in operation, Luguri said. The other three are the university centers at Binghamton, Buffalo and Stony Brook.

GOVERNOR DONATES OLYMPIC BOOK TO LIBRARY

A new book in the Special Collections section of the Feinberg Library bears a plate on the inside front cover stating that it is a gift from Governor Hugh Carey. The book, *The Official Pictorial Record of the XIII Olympic Winter Games* was published and produced by Edgar P. Spallek, and was received about the time the governor and his wife paid a brief visit to the campus last spring. During that visit, the Careys made a brief tour of the Feinberg Library and attended a reception in their honor in the Rockwell Kent Gallery.

ICE SKATING SCHEDULE ANNOUNCED

The Facilities Office has announced the schedule for recreational ice skating at the field house. Beginning Saturday, September 26, the ice arena will be open to the public on Saturdays from 1-2:30 p.m. and to PSUC faculty, staff and students only on Sundays from 1:30-3 p.m. Admission is \$.50 with a PSUC I.D., and \$1 for the public.

There will be no skating on the weekend of October 3-4, but regular sessions will resume on October 10.

Beginning on October 13, there will be free recreational skating on Tuesdays and Thursdays between 12 and 1 p.m. for PSUC faculty, staff and students only.

NTP'S TO RECEIVE COST-OF-LIVING CHECK

NTP's who were on the college payroll as of June 30, 1980, will receive a check for the cost-of-living increment for the period July 1, 1980 through June 30, 1981 within the next few days, according to Patricia Wood, payroll supervisor. As soon as the checks are processed, offices will be notified and employees may pick up the checks. The checks will NOT be deposited automatically.

Wood added that instructional faculty will receive their "lump sum payments" at the end of November.

NOTES

The Student Association Voter Registration will be held through September 25 from 11 am to 2 pm and 4 pm to 7 pm at the following locations: Stage XIV, Clinton Dining Hall and the College Center Lobby.

The senior Nursing class will sponsor every Saturday morning from 10-11 am Aerobic Dancing in the Dance Studio of Memorial Hall. Members only.

The Office of Campus Life is seeking candidates for positions as Summer Orientation Leaders for 1982. Application forms including details on qualifications, job responsibilities, etc. will be available at the College Center Main Desk starting October 1, 1981. Applications must be completed and submitted to Cheryl Hogle, Associate Director of Campus Life, College Center Room 110 no later than 4 pm Friday, October 16, 1981.

"**The Primary Relationship**," a course taught by Jack Studebaker and Diane Cossaboon will meet Wednesdays, beginning Sept. 23 from 4-5 pm in Room #8 of the College Center. The course will deal with the human need of encountering another person on a deep and intimate level.

SUMMER SESSION BEST IN FOUR YEARS

With the highest enrollment since 1976, this year's summer session is being considered a definite success, according to Dr. Griffin Walling, Director of Continuing Education. Walling said that 1,353 students enrolled in credit programs, causing the number of credit hours taken to increase 14% over 1980. Enrollment was up on all levels, he added, including undergraduate, graduate, lower division and upper division.

In non-credit areas, Walling said that eight major conferences were held on campus and he is hopeful that "we can expand this type of summer activity." The Folk Life Festival, new this year, attracted a great deal of interest, as did the two Elderhostel sessions, the National Leadership Workshop, and several others. Walling said that the children's theatre workshop, which culminated in a production of "The Hobbit" by the 50 participants was especially successful, and he hopes to see an increase in art and cultural activities in future summers.

Walling added that the four-year decline in credit and non-credit programs appears to have been reversed and he is "optimistic that we can continue this trend."

FOUNDATION'S BUSINESS/CORPORATE CAMPAIGN SETS NEW RECORD

The Plattsburgh College Foundation's Business/Corporate campaign has raised a record \$50,350, exceeding last year's total by more than \$18,301, or 56 per cent. Fifty-five new contributors joined the Foundation's family of supporters.

A group of about 20 volunteers from the business community solicited gifts during the two-month campaign conducted in May and June, under the leadership of Curtis E. Shipman, Cliff Calongne and Harry Mowry. Shipman is president of the Keeseville National Bank. Calongne is manager of internal operations at Northern Insuring Agency, and Mowry is vice president of the Bindery Systems Division, Harris Communications in Champlain.

Dr. Jerome H. Supple, acting president of the College, expressed his praise for the efforts of the leaders and workers. "It is evident that the success of this campaign must be attributed to not only the diligence and hard work of those who planned it and carried it to fruition, but also to the admiration and respect that the leaders and workers command among their peers in the business community."

COLLEGE RECEIVES RESEARCH DEVELOPMENT ALLOCATION

Plattsburgh State has been awarded a Campus Research Development Allocation in the amount of \$6,300 by the SUNY Research Foundation, according to Dr. Paul Roman, Dean of Graduate Studies and Research. Roman explained that these funds are awarded to SUNY campuses which generate a certain amount of overhead from external funding, according to a variable formula.

This is the first year that Plattsburgh has received a development allocation. Buffalo College and Brockport are the only other two colleges that qualified, in addition to all university centers. Roman explained that the allocation may be used either to reward individuals, groups or departments which have been particularly successful in obtaining external funding, or to help increase the college's potential for obtaining that funding. A committee will be set up to determine how the money will be used.

TRANSFER ADVISORY COUNCIL FORMED

A transfer advisory council has been formed on campus, according to Associate Vice President for Academic Affairs Richard Robbins. The group, which consists of eleven transfer students representing nine different two-year colleges, will serve as an advisory group to offices and organizations on campus which may need information on transfer students. They will also serve as a contact group for transfers who may have problems, and hope to develop a "host group" to act as a "big brother or sister" to students who transfer to PSUC. Members of the advisory council are Margheita (Margot) Amoroso, Vera Banziger, Pat Ciacio, Teresa DiGirolano, Maria DiPasquale, Caron Fallat, Jean McLaughlin, Laurie Pelham, Elizabeth Quinn, Lara Scoones, and Vicky Vanda.

Serving as advisor to the council is Fred Smith, professor and chairperson of the Division of Business at the Agricultural and Technical College at Cobleskill. Smith is spending a semester here as an administrative consultant and is also teaching in the accounting program.

WALLING NAMED CAMPUS UNITED WAY COORDINATOR; GOAL SET AT \$27,327

Dr. Griffin Walling, Director of Continuing Education, has been named campus chairperson for the 1981 United Way Fund Drive. Walling said Tuesday that the campus goal has been set at \$27,327, 20% over last year's net, but he is optimistic that it can be achieved. He added that the campus drive will begin next week. Walling said that this year's drive will definitely end on November 30, which is a departure from previous years, when fund raising continued past New Year's, and he urged all faculty, staff and students to make their contributions early.

OMNIBUS SERIES TO DEBUT THURSDAY

In an effort to provide a greater opportunity for students and faculty to meet on an informal basis outside the classroom, the Office of Campus Life has developed the Omnibus Series, which will premiere Thursday, October 1. According to Rich Mole, Director of Campus Life Programming, the series is a "potpourri of interest sessions" which will be presented throughout the academic year on the first Thursday of each month. Mole, who originated the idea, explained that the entire faculty was polled as to areas of interest and topics of expertise. To date, he has received over ninety volunteers for programs. Each series will present nine one-hour sessions, given three at a time between 4 and 7 p.m. in the meeting rooms on the second floor of the College Center.

Topics and presenters for this Thursday's program can be found on the WEEKLY calendar. The Omnibus Series is free and open to the campus community and to the public. Refreshments will be served in the Amnesty Room.

'COBOL'S GRANDMOTHER' TO LECTURE HERE THURSDAY

Captain Grace Murray Hopper, affectionately known as "Cobol's grandmother" will present a lecture at 7 p.m. in CL 205 on Thursday, October 1. Hopper, who claims to be the second oldest person on active duty in the Navy, is presently working in the Naval Data Automation Command Office. Hopper taught at Vassar until 1943 when she joined the Navy. After the war, she joined the Harvard faculty, and worked on programming the first large computer, the Mark I. She later helped to develop the UNIVAC I. Hopper is widely published on the subject of computer programming. She was the first person to receive the Data Processing Management Association Computer Scientist "Man of the Year" award. Her lecture is free and open to the public.

LECTURE SERIES TO PRESENT DR. ALLAN EVEREST

The Plattsburgh Lecture Series will present Dr. Allan Everest, professor of history, lecturing on "Our Last War With the British" on Thursday, October 1, at 7:30 p.m. in Room 106 of Hudson Hall.

The lecture series was created in 1975 to provide a local platform, mainly for PSUC faculty, to display some of their scholarly interests, according to Coordinator William Hartnett. Hartnett explained that faculty members seldom present their scholarly research, papers, and seminars to a local audience and the lecture series provides them with a forum to do this. Other faculty members who will lecture this semester include Dr. Ann Tracy and Dr. Dan Watermeier.

MALPASS NAMED 'FELLOW' BY AMERICAN PSYCHOLOGICAL ASSOCIATION

Dr. Roy Malpass, professor of behavioral science, has been elected to Fellow status in the American Psychological Association. Election to Fellow status is in recognition of "outstanding contributions to the science and profession of psychology." In 1980 there were 3,393 Fellows in the APA, which has a total membership of over 50,000.

Malpass was nominated for the award by the Society for the Psychological Study of Social Issues, a division of the APA, primarily for his research work which has ranged from his early study of the Micmac Indians in Canada to cross-racial social perceptions to his most recent work on eyewitness identification.

CARDINAL SPORTS REPORT

The success of the men's teams and the improved play of the women highlight the fall sports season thus far. Uwe Meyer's soccer Cardinals are 5-1 and tied for first place in SUNYAC. They seem destined to move up from eighth place in the New York State Division III poll after 1-0 defeats of fifth-ranked Albany State and Oneonta, rated seventh in Division I. The booters' only loss was in overtime to Division I power University of Vermont. Dick Fischer's pack-style racing approach is paying off for the cross country team. The harriers are 4-1, including a big win over UVM. Card front-runner Bob Brenner shattered course records at St. Michael's and Clarkson and has won four races so far. With quiet efficiency, the men's tennis squad dispatched each of its opponents and is 3-0.

In women's sports, ups and downs mark their records so far. The soccer team is 2-2, with an upset of St. Lawrence, and the volleyball team is 1-1 and showing promise of a successful year. Ray Doyle's tennis Cards won their last two and are 2-3, while the 1-2 lady harriers are improving with every meet. Leith Bardon's field hockey team is 1-2, and all three games have been decided by only one goal.

FRESHMEN LIKE ACADEMIC PROGRAM, REPUTATION, LOCATION, AND SIZE

The freshman class came to Plattsburgh State because of its academic program, academic reputation, geographic location, and college size, according to surveys completed by 894 students during the summer orientation sessions. Those four factors received the highest number of responses to the question "what were the most influential factors in your decision to enroll at Plattsburgh?"

The freshmen also indicated that friends and acquaintances attending PSUC were the primary and most influential sources of information about the college, even above a visit to campus or the college catalog.

The survey further revealed that typical freshmen come from "a community of under 20,000 population" (65%) and a family with "a joint gross annual income of more than \$25,000," (59%) but still need financial aid to complete college (56%). They are very sure of their decision to come to Plattsburgh (88%) and quite sure of their choice of major (61%). They believe that obtaining "specific skills that will be useful on a job" is very important (95%), but consider "simply learning" very important as well (76%).

MOWRY REAPPOINTED TO COLLEGE COUNCIL

Harry E. Mowry, vice president and general manager of Harris Corporation's Bindery Systems Division, has been reappointed to the Plattsburgh State College Council by Governor Hugh Carey. He will serve a nine-year term. Mowry was originally appointed to the council in May, 1980, to fill the position left vacant when Judith Duken was appointed to the SUNY Board of Trustees.

Mowry, who is also a member of the College Foundation's Board of Directors, served as co-chairman of this year's Business and Corporate Giving Campaign, which raised a record-breaking \$50,350.

PLATTSBURGH TO PARTICIPATE IN SUNY HONORS SCHOLARS PROGRAM

A university-wide program to recognize and reward highly talented undergraduate students has been established by the SUNY Board of Trustees. Forty-two incoming freshmen in the fall, 1982 semester will be chosen as the first SUNY Honors Scholars. One of those students will be selected at Plattsburgh State.

The university will waive the cost of tuition and on-campus room charges for the scholars. In addition, according to Dr. Charles Warren, acting vice president for academic affairs, they will also receive financial support to cover campus board, books and supplies, as well as a travel allocation for expenses incurred while participating in SUNY-wide honors symposia or intercampus exchanges.

The Honors Scholars will be assigned individual mentors and will be eligible for special research grants, will be entitled to preference in cross-campus enrollment and overseas study, and will be given special assistance in seeking graduate awards or fellowships.

Students invited to apply for the award must have filled two of the following three requirements: be among the top 5% of their junior class, achieve a high school average of 93 or above, and earn a composite ACT score of 28 or SAT score of 1250. Once selected, an Honors Scholar must maintain an overall grade point average of 3.5, with a grade point average of 3.7 in his or her major subject area, and remain in full-time status.

SUPPLE IN QUEBEC ON AASCU MISSION

Acting President Jerome Supple is in Quebec this week as part of a mission from the American Association of State Colleges and Universities. The delegation, invited by the Ministry of Intergovernmental Affairs of the Government of Quebec, is composed of presidents whose institutions are interested in developing exchange programs with universities in Quebec.

The purposes of the AASCU Mission to Quebec are to acquaint delegates with issues and trends in higher education in Quebec, to develop linkages between AASCU colleges and universities and those in Quebec, and to visit a number of Canadian universities. Among the institutions to be visited are Concordia University; the University of Montreal; McGill University; Bishop's University; the University of Sherbrooke; Montreal's Ecole Polytechnique, Ecole des Hautes Etudes Commerciales, and Ecole de Technologie Superieure; and several campuses of the University of Quebec.

DR. BERNARD PATTEN THIS FALL'S DISTINGUISHED VISITING SCHOLAR

The Distinguished Visiting Professor program, begun last year, is continuing this fall with Dr. Bernard Patten in residence for the entire semester. Patten, a noted systems ecologist, is currently professor of zoology at the University of Georgia's Institute for Ecology.

While on campus, Patten is teaching in the environmental science department, meeting with faculty and students in other departments, helping faculty develop research proposals in several areas and presenting a series of six public lectures, as well as continuing his writing and research.

In his lecture series, Patten will explore the problems, progress and prospects of the new science of systems ecology, primarily through discussion of his own research.

AIR FORCE CONTRACT RENEWED FOR ELEVENTH YEAR

The contract through which Plattsburgh State provides leadership workshops to personnel in the Eighth Air Force has been renewed for the eleventh consecutive year. The \$89,000 contract calls for "Leadership and Communications" workshops to be held at 18 Air Force bases ranging from Maine to Colorado to Texas. Dr. Melvin Donaho, professor of communications and principal administrator of the contract, said that, last year, exactly 1,000 senior non-commissioned officers and civilian employees participated in the program. The curriculum covers such topics as motivation, delegation of duties, listening, and supervision, and participants receive two hours of college credit.

GUYS AND DOLLS TO ENCORE NEXT WEEK

This summer's smash musical hit, "Guys and Dolls" will be recreated next week with a cast drawn from the community and the Air Force Base, as well as from the college. The Departments of Theatre and Music and the New Theatre Association will sponsor the production which will be presented nightly at 8 p.m. in the Hartman Theatre from October 14-17, and at 2 p.m. on Sunday, October 18.

Playing the lead roles are senior Irene Breitbeck as Sarah Brown, senior Jeff Woodruff as Sky Masterson, senior June Ann Rosate as Miss Adelaide, and, from the community, Timothy Kelley as Nathan Detroit. Tickets for the musical may be reserved by calling the Hartman Box Office at 564-2293 weekdays between 2-5 p.m. Ticket prices are: general public — \$5; Council on the Arts members, senior citizens, and students — \$4; and SA members — 50¢.

SPEECH AND HEARING STUDENTS TO SCREEN HEAD START CHILDREN

Three teams of students from the college's speech and hearing department, under the supervision of acting chairman Hyman Freeman, will be screening approximately 90 children enrolled in Head Start programs throughout Essex County this fall. Freeman explained that the students will take a brief case history on each child, screen the children for speech, language and hearing disorders and report their findings to the teachers. Necessary therapy will be provided by the Head Start teacher for speech and hearing handicapped. Testings will be done at the Head Start centers in Saranac Lake, Lake Placid, Ausable Forks, Essex, Moriah, and Ticonderoga.

THREE ART EXHIBITS OPEN ON CAMPUS

The Myers Gallery, the Myers Lobby Gallery, and the Rockwell Kent Gallery Alcove all have new art exhibits on display. The Myers Gallery is currently featuring an exhibition of lithographs, designed by prominent contemporary British artists and done by master printer Ian Lawson. Hand lithography, popular in the early 19th century, fell out of favor in the latter part of the century, but has resurfaced as a respected art form. Lawson, whose workshop “The Mill,” is located in Herefordshire, England, is considered one of today’s finest lithographic printers. Lawson himself was present for the exhibition opening. He also gave a lecture and held two workshops on campus during his stay. A student exhibition is on display in the Myers Lobby Gallery, featuring graphics from the PSUC print studio and ceramics by Beth Shaffer. Photographs by two Plattsburgh alumni, Ben Simmons and Bill McDowell, are being exhibited in the Rockwell Kent Gallery Alcove. All three shows will continue through November 4.

AFFIRMATIVE ACTION ADVISORY COMMITTEE RESTRUCTURED

The college’s Affirmative Action Advisory Committee has been restructured and has begun meeting on a monthly basis. The committee now includes two students, Lynn Lisy and Keith Waldron, as well as representatives from five employee groups, as follows: classified staff — Helen Rock and Terry Holscher; teaching faculty — Robert Hofer and Carrie Harris; non-teaching professionals — Jeanne Hahn and Keith Smith; and management-confidential — Sheila Murnane. Joseph Laramie, Robert Moll, Vic Ovalle, and Fred Woodward serve on an ad hoc basis and the committee is chaired by Jan Edwards. The major work of the committee will be carried out by the following subcommittees: student recruitment and enrollment (chaired by Keith Smith), student development and education (Lynn Lisy), faculty/staff recruitment and employment (Fred Woodward), faculty/staff development and training (Robert Moll), faculty/staff evaluation and compensation (Robert Hofer), policy implementation and review (Jeanne Hahn), outreach activities (Jan Edwards), and grievance (Terry Holscher). Membership on the subcommittees is open to the campus community, and anyone interested in serving or with questions or comments may contact Ovalle or Edwards.

weekly notes

Elma Barnes, visiting instructor of art history, has just published a facsimile edition, with introduction, of a 1649 French treatise on art: Abraham Bosse’s *Sentimens*. HOMECOMING FESTIVITIES KICK OFF THURSDAY

An exciting parade and the first varsity-alumni hockey game lead the list of scheduled events for Homecoming Weekend.

Events will kick off Thursday evening with the crowning of the Homecoming King and Queen. Four men and four women have been nominated for the royal positions and voting takes place this week.

Several former Cardinal hockey greats will return to the Field House Friday evening for the first varsity-alumni match-up. Danny Brown, Teddy Dash, Bruce Bullard, Ron Burke and Harry Keeshan will join last year's defensive standouts Doug Kimura and Bob Bateman in an attempt to defeat the '81-'82 Cardinals.

Cardinal coach Herb Hammond, who is hedging about his own participation ("It's been a long time since I've stopped a puck!") announced tentative plans for a one-period "Old-Timers Game" to be held just prior to the main event. Hammond explained that no slap shots and no contact will be allowed in this game. Tickets for the game are \$2 for the public, \$1 for students, and \$.50 for SA members. Following the game, there will be a fireworks display behind the Field House.

The annual Homecoming Parade will step off from the Plattsburgh Plaza at 10 a.m. on Saturday. Floats, costumes, acrobats and alumni in antique cars will carry out this year's western theme. The parade will march east down Cornelia Street, south on Margaret Street, and west on Broad and Rugar Streets and will end at the Field House. Immediately following the parade, acting president Jerome Supple will present awards in recognition of scholastic and community service achievements to various student organizations.

Reunion luncheons for honored classes will be held after the awards ceremony. A large turnout from the Classes of 1931 and 1956 is expected to celebrate the fiftieth and twenty-fifth anniversaries of their graduation.

At 1 p.m., the men's soccer team will meet the Potsdam Bears at the Field House in a SUNY Athletic Conference match. Admission is free.

Saturday evening, students will conclude the day's activities with a semi-formal dance at the Field House, while alumni will be hosted at a dinner dance in the College Center ballroom.

PROPOSED FINANCIAL AID CUTS TO HURT PSUC STUDENTS

Nearly 350 PSUC students will experience serious cuts in their financial aid next year if Congress adopts the current Senate Appropriations Subcommittee figures for student aid instead of the figures being considered in the House. Current figures mean that Pell grants (BEOG) would be reduced by 10%, Supplemental Educational Opportunity Grants (SEOG) would be cut 42%, and National Direct Student Loan funds would be cut 35%.

Financial Aid Director Suzanne Sokolowski said this week that the impact on Plattsburgh's campus would be severe. Presently, she said, about 2,500 students receive approximately \$1,000 each in BEOG funds. A 10% cut, effected either through cuts in individual grants or a decrease in the eligibility ceiling, would leave 250 without that aid. This comes on the heels of a cut of \$80 across the board in Pell grants for 1981-82. One hundred sixty students are presently receiving SEOG funds. A 42% cut, according to Sokolowski, would drop that figure to 88.

Cuts in NDSL, the financial aid director explained, would not be a problem here, since "NDSL is already at rock bottom at Plattsburgh." Sokolowski briefly outlined some facts about financial aid and this year's freshman class. Thirty percent of the freshmen received financial aid through her office. Another 31% qualified, but money was not available. The rest of the class either was determined to have no financial need or did not apply. These figures, incidentally, do not include BEOG, since that goes directly to the student and not through the financial aid office.

Sokolowski and other college officials suggest that students, parents, and faculty write to their Senators and their Congressman asking them to work to avert such heavy cuts in student financial aid.

FIRE ALARMS IN DORMS DOWN FROM LAST YEAR

Fire calls to the college last month which were non-fire related showed a 63% decrease from the same period last year. Plattsburgh State Security chief Larry Lorch said, that in September, 1980, there were 48 alarms to which city firemen responded. In September, 1981, in addition to one actual fire, firemen responded 18 times to alarms which were system malfunctions, intentional false alarms, or of unknown cause.

This decrease appears to be due to several factors. Lorch explained that a large part of the campus fire alarm system was new last fall, and there were numerous equipment malfunctions. Alarm systems experts were called in and spent many hours making adjustments in both the rate-of-rise alarms, which detect heat, and the smoke alarms in the dormitories.

City Fire Chief James Duffany is pleased with the cooperation he has received from students and from the college's security and maintenance departments. He added that an increased effort to educate students about fire safety appears to have paid off as well. Duffany explained that deputy fire chief Jim Squires held informational meetings with campus resident assistants, who then held orientation sessions with students.

Duffany also gave credit to a mass media class. Last year the class made a short movie on fire alarms and fire safety which was shown on the community access channel, cable channel 10.

ALUMNI FUND TELETHON A SUCCESS

In their first four evenings at the telephones, sixteen Plattsburgh State students have obtained pledges of \$9,148 from college alumni, as part of the Alumni Office's first New York State telethon. Contributions have been promised by 563 alumni, and 370 of those who made pledges will be giving to the Alumni Fund for the first time.

Alumni Affairs Director Mal Lavery said this week that "the telethon is going even better than we had hoped." He added that "In addition to raising money, our goal this year is to increase the percentage of alumni participation in the campaign, and these students, with their enthusiasm and commitment to the college, have been extremely efficient in working toward that aim."

The telethon, chaired by Mike Murray, '75, will continue through the rest of October, and, in November, will be extended to out-of-state alumni.

The sixteen students who have helped with the telethon to date include: Lillian Ahr, Mike Abernethy, Karen Bochner, Robin Covey, Maureen Daly, Angela Cacchione, Jim DeLuca, Judy Giarratano, Mary Nance, Greg O'Brien, Wendy Patterson, Don Ranta, Laura Sadowski, Terry Siroky, and Rich Squillante.

STUDENTS AND FACULTY TO WORK TOWARD UNITED WAY GOAL

Dr. Grif Walling, chairperson of the 1981 United Way drive on campus, announced this week that a kickoff meeting for faculty, staff and administration captains will be held on Monday, October 19. The team captains will begin their solicitations for the fund drive next week.

Campus Life will raise money for the campaign with a "Bowling for Dollars" competition from 6 to 10 p.m. on October 22 at the campus lanes. Teams composed of one RA and one co-ed floor member will gather pledges based on their bowling scores. Prizes will be awarded to the competition champions, the team with the most sponsors and the team with the largest supporting spirit. The contest is limited to 24 entries and any team interested should call Steve Ackerknecht at 564-3128 or Jeff Plumley at 564-2085.

FORMER INDIAN AMBASSADOR TO RUSSIA TO SPEAK THURSDAY

The Honorable J.K. Gujral, who was the Indian ambassador to the Soviet Union from 1976 to 1980, will present a special colloquium on international affairs and diplomacy on Thursday, October 15 at 4 p.m. in the College Center Amnesty Room. The colloquium, sponsored by the Center for International Studies, the political science department and the Asian studies committee, will allow a considerable amount of time for questions and discussion.

Gujral is presently on campus visiting his son and daughter-in-law, both of whom joined the PSUC faculty this fall, Vishal in the business and economics department, and Rajine in communications.

TWO-DAY READING CONFERENCE SCHEDULED

A two-day workshop on "Current Trends in Reading" will be held on campus on October 16-17. The workshop, sponsored by the Continuing Education Division and the Champlain Valley Reading Council, is aimed at reading teachers, writing specialists and students in those areas. Dr. Edward Fry, Director of Rutgers University's Reading Center; Dr. Lyman C. Hunt, from the UVM Reading Center, educational consultant Peggy Brogan; Ticonderoga ECRI teacher Melanie Bianchini; Grant Villemaire, Title I Coordinator at Chazy Central; and Beekmantown reading teacher Ida Gifford, will join PSUC faculty members Dr. Peter Hornby, Dr. Daphne Kutzer and Dr. Mary Anne Poston on the program. The conference will be held at the Campus School and more information may be obtained from the Continuing Education Office.

FOUNDATION KICKS OFF LIBRARY FUND DRIVE

The Plattsburgh College Foundation has begun a drive to raise money to purchase books and periodical subscriptions for the Feinberg Library. Dr. Jerome Supple, acting president, has sent a letter to all faculty members asking them to participate.

Supple explained that a dramatic increase in the cost of subscriptions has caused a decrease in the funds available for the purchase of books. Although the number of periodical subscriptions purchased in 1980 was only 1,460, as compared to 2,468 in 1970, the cost of last year's subscriptions was \$119,429, as opposed to \$60,244 ten years ago. In 1970, 15,655 volumes were purchased for \$138,500, while last year, the library was able to acquire only 3,114 books at a cost of \$54,997.

Supple further explained that the average cost of a hard cover book is about \$25. The library staff will insert a book plate with the name of the donor inside the front cover of books acquired through a gift.

Donations to the library fund may be designated to support a particular academic program and are tax deductible.

ALPHA CHI RHO WINS HOMECOMING AWARDS

Alpha Chi Rho fraternity won both the President's Cup and the Scholastic Cup during last weekend's annual Homecoming awards ceremony. The fraternity was awarded the President's Cup in recognition of their outstanding service to the community, which included numerous fund drives over the past year for local charities. They also won the prize for best parade float by a Greek organization.

This year's Homecoming Queen was senior Madonna Kelly. Senior Joel Graves was selected king. The weekend was made a little more special for Graves because of the presence of his grandmother, Pearl Graves, a member of the Class of 1931 — the class celebrating its 50th anniversary.

Daniel Takacs '58, of Wappingers Falls was re-elected president of the college's Alumni Association. Also re-elected to office were Virginia Damianos '50, vice president; Stacia Arcarese '62, secretary; and Nancy McGaulley '51, treasurer.

SPEECH AND HEARING CENTER CO-ORDINATOR NAMED

Donald C. Zoss, associate professor and director of speech and hearing services at Potsdam State for the past sixteen years, has been named coordinator of Plattsburgh State's speech and hearing center.

Prior to his employment at Potsdam State, Zoss was a speech pathologist and director of speech services for the Rensselaer County Board of Cooperative Educational Services. He is a member of the American Speech-Language-Hearing Association, the NYS Speech-Language-Hearing Association, and the Empire State Laryngectomee Association.

Zoss received both his bachelor's and master's degrees from Geneseo State and has done extensive post-master's study at SUNY Buffalo, SUNY Albany, and Potsdam. He has published several articles on speech and language problems.

PROMINENT ECONOMISTS TO LEAD SEMINAR ON FRIDAY

Three nationally known economists will address critical economic topics at a symposium on national and international trends to be held at the college on Friday, October 23. The day-long conference is sponsored by the Clinton County Area Development Corporation and the college's Institute for Business and Professional Development.

Dr. James Capra, senior economist of the fiscal analysis unit of the Federal Reserve Bank of New York, will speak on "Tax Cuts, the Federal Budget, and Inflation." Dr. Ronald Krieger, editor of Chase Manhattan Bank's "Economic Observer," will discuss "Monetary Policies and the Future of the U.S. Dollar," and Dr. Stephen S. Roach, vice president for economic analysis of the Morgan Guaranty and Trust Company of New York will lecture on "The Supply-Side Revolution in Economics." The three speakers will then lead a panel discussion relating national economic policy to regional economic policy.

PLATTSBURGH FORENSIC TEAM HOSTS TOURNAMENT; SADLER WINS PENTATHLON

The Plattsburgh Forensic Union hosted the first tournament of the new season this past weekend, and captured third place, behind Suffolk University and Emerson College. The individual team leader was Roger Sadler, who won three events and, adding one second place and one fourth place finish, captured the pentathlon title for the best combined showing in five events.

Sixteen teams from seven states competed in this tournament, which was the first competition for the newly formed Northeast Forensic League. Other competitors included West Point, Penn State, St. Lawrence and UVM.

Also on the winning side for Plattsburgh was Nora Finn who captured the title in poetry interpretation. Ray Remillard and Betty Chan were the team's other finalists.

The college's debate team of Paul Panzl and John McGarty made it through the six rounds with a record of five wins and one loss. The one loss was to Suffolk University, which eventually won the debate title with a 6-0 record.

The team's next tournament will be at Penn State in two weeks.

ADVISEMENT PERIOD STARTS NOVEMBER 2

The advisement period for the Spring semester will begin on Monday, November 2 and continue until Tuesday, November 17th, according to Thomas Corigliano, director of academic advisement.

Corigliano said that students should schedule early appointments with their advisors and do some planning (review the Master Schedule) prior to their meeting. Students with a G.P.A. of less than 2.0 should ask their advisors about the academic probation guidelines.

Completed registration cards may be turned in beginning November 2 in the College Center lobby. All registration cards *must* be turned in by Tuesday, November 17th. After all cards are collected, students will be registered by class priority. Students are urged to indicate alternate class sections, and to select alternate courses at the time they register.

Questions concerning advisement, or academic policies and procedures, can be directed to Corigliano, A-314, phone 2192. Questions regarding the registration process can be directed to Daui Woodin, Assistant Registrar, A-304, phone 2095.

WOMEN RUNNERS CAPTURE SUNY INVITATIONAL TROPHY

The Plattsburgh State women's cross country team captured the title and the trophy in the first SUNY Invitational Cross Country Meet this weekend. Running against six other SUNY teams, Maureen McCoy was the first to cross the finish line, with a time of 19:47. Other Cardinals scoring for the team were Lisa Holck, 4th, Maria Mason, 6th, Alice Freed, 9th, and Mary Clark, 15th.

The men's team tied for sixth place in a field of eleven in the SUNYAC Championships. Two of the team's top runners were unable to compete due to illness and injury. The Cardinal front runner was Bob Brenner, who placed 12th, with a time of 26:24.

NOTES

All students who are anticipating completion of requirements for Bachelor's or Master's degrees or for Certificates of Advanced Study in December should file a diploma application at the Registrar's Office, Kehoe 3rd floor, by Friday, November 6.

The Feinberg Library has announced new hours for Fridays and Saturdays. The library will now be open until 10 p.m. on both days.

The Office of Campus Life announces that applications for **1982-83 Resident Assistant positions** will be available at the College Center Desk and Residence Hall Offices commencing Monday, October 19, 1981. Complete details of the application and selection process will be reviewed at General Information Meetings on Monday, October 26 at 5:00 p.m. in Macdonough Main Lounge and Tuesday, October 27 at 5:00 p.m. in Whiteface Lounge. Interested students should plan to attend one of these two meetings. The application deadline is: 4 pm, Tuesday, Nov. 24, 1981.

The last day to **withdraw from a course without having the instructor's approval is Friday, October 23**. Course withdrawals made after that date will require the approval and signature of the instructor and department chairman. Withdrawal dates for mini-courses, and second quarter courses are included in the Fall Master Schedule. Questions regarding these dates may be referred to the Registrar's Office.

FOUNDATION'S BUSINESS/CORPORATE GIVING CAMPAIGN WINS AWARD

The College Foundation's Business/Corporate Giving Campaign has been selected to receive an "Outstanding Fund Raising Program" award from the Association of Campus-Related Foundations of SUNY. The award will be presented next week during the joint meeting of the Association and the SUNY College and University Relations Council.

Foundation executive director Don Garrant said this is the first time the Foundation has submitted a program in the competition. He explained that the campaign was completely reorganized this year and raised 57% more (for a total of \$50,350) than last year's record-breaking drive. Garrant noted that 55 new contributors joined the list of donors, and he credited Annual Giving chairman Curtis Shipman and campaign co-chairmen Cliff Calongne and Harry Mowry with "developing a model of efficiency and effectiveness."

Awards chairman John Carter of the SUNY Buffalo Foundation commended the Foundation's program saying, "Your program will set an outstanding example for others within State University to follow."

COMMUNICATIONS GRADUATE WINS NATIONAL AWARD

Tom Gliserman, a 1981 communications graduate, has won second place in a national student competition sponsored by the Television Academy of Arts and Sciences. Gliserman will receive a \$2,000 award and a trip to Hollywood.

Ralph Donald, who is on the staff of the Instructional Resources Department and who supervised the project, explained that Gliserman's entry in the competition was produced as part of a class last semester. It was a three-and-a-half minute videotape entitled "Lifeguard," which set pictures of lifeguards engaged in various activities to rock and roll music.

Donald added that the entry that won the competition was produced by 50 students from San Diego State College. Gliserman's was a two-man production. He was assisted by Dave Lefevre, who also graduated in May.

WOMEN'S SOCCER TEAM RECORDS BEST SEASON EVER; INVITED TO PLAYOFFS

The College's women's soccer team has compiled its best season ever (11-2) and has received its first invitation to a post-season playoff. The Cardinal women will compete this weekend in the AIAW regional championship playoffs at William Smith College, and are seeded fourth in that tourney, behind the University of Rochester, Hartwick, and Cortland, and ahead of Albany State, Wells, Buffalo State and William Smith.

The team, under second-year coach Sue Parsons, capped their season with a nine-game winning streak, and outscored their opponents all fall, scoring 35 goals and allowing only 11. In the past nine games, the women allowed only 5 goals.

This weekend's double elimination tournament includes Division I, II and III teams. The Cardinals will face Albany State in their first game.

TWO PROMOTED, TWO RETIRE IN BUILDINGS AND GROUNDS

Two men in the buildings and grounds department have been promoted, according to Malcolm Collin, Director of the Physical Plant. Charles Whitesell was promoted to the position of senior stationary engineer, replacing Harold Marshall, who will retire next week after twenty-three years of service of the College. Whitesell has been a stationary engineer for the past eleven years.

Also promoted was Charles Crotz, who will become the maintenance operations center supervisor, replacing Leonard Dandrow who recently retired after seventeen years with the department.

ART CRITIC APRIL KINGSLEY TO SPEAK THURSDAY

Noted author and art critic April Kingsley will lecture Thursday October 29 at 8 p.m. in the College Center Ballroom as part of the campus Visual Artists' Series. Her topic is "Spiritualism in Art." Kingsley is presently associate editor of the Art Express and director of the Sculpture Center in New York City. She is also an instructor at New York City's School for Visual Arts. Her lecture is free and open to the public.

FEINBERG LIBRARY ANNOUNCES BOOK SALE

The Feinberg Library will hold a giant new and used book sale on Saturday, October 31 from noon until 5 p.m. in the library's first floor corridor. A wide range of used books, both fiction and non-fiction, will be available — from the very scholarly to the very general. Some magazines and journals will also be for sale.

Assistant librarian Cynthia Whiteacre said, "There will be a bit of everything, from history to health, included in the sale." She added "Prices will be more than reasonable, with many books to be sold for less than \$1, and \$3 being about the top price."

Also for sale will be a number of new, but slightly damaged, books from the Tundra Publishing Company. Tundra, a Canadian firm, prints children's books, as well as books on such topics as art and flowers.

THIRD ANNUAL KODAK MULTIVISION SPECTACULAR SET FOR NOV. 6

The third annual Kodak presentation will take place this year on Friday, November 6 from 7:30 - 9:00 p.m. in the Hawkins Hall Auditorium (doors open at 6:45 p.m.; there are no reserved seats). The title of this year's multivision spectacular will be "Scandinavia . . . Land of Pictures." This event is co-sponsored by the College's Center for International Studies, Ray Supply, Inc., and Plattsburgh Press-Republican.

Free tickets (four to a customer) may be obtained from the Center for International Studies, 133 Court Street starting on Thursday, October 29. No phone or mail orders will be accepted.

The first Kodak special in 1979 was on Canada and last year's show was on Britain and Ireland. Both events were "sold out;" that is, there were no tickets available at the door.

GENERAL EDUCATION COLLOQUIA BEGIN THIS WEEK

"The Pleasures and Pitfalls of Inter-Disciplinary Work: Some Personal Observations" is the title of the first of the General Education Colloquia to be offered this year. Presenters include Dr. Pat Hill, the director of the Federated Learning Communities at SUNY Stony Brook, and Dr. Daniel Watermeier, professor of theatre. The lecture will be held at 2 p.m. on Friday, October 30 in the Cardinal Lounge.

Associate Vice President for Academic Affairs Richard Robbins said this week that at least half a dozen colloquia will be offered during the year. The next one will be held on November 13 and will be on the topic of "General Education and Careers."

PRISON BOND ISSUE TO BE AIRED ON CAMPUS

Clinton Correctional Facility superintendent Eugene Lefebvre, Prisoners Legal Aid attorney Robert Kagen, and Reverend Stephen Gratto, will discuss the various aspects and present opposing views of the New York State Prison Bond Amendment in a panel discussion on Thursday, October 29. The seminar, sponsored by the Sociology Club, will begin at 7 p.m. and will be held in CL 205.

ADMINISTRATORS MEET WITH STATE OFFICIALS IN BUDGET HEARING

Dr. Jerome Supple, Bernard Seawell, Dr. Eldridge Roark, Dr. Charles Warren, Diana Green, Jan Edwards, and William Woltjen participated in a budget hearing with representatives from the New York State Division of the Budget last Thursday.

Supple said that the state staffers, including Paul Viellente, the chief budget examiner for education, presented the state's official position on budget increases, saying that even increases due to inflation are not apt to be granted this year. SUNY, however, has presented a budget containing a \$141 million increase, which includes a request for nine new positions for Plattsburgh.

In defending the request for additional positions, the college administrators stressed the existing disparity between actual enrollment figures and budgeted figures, and explained that reductions in admissions targets would too severely restrict access to many of the college's programs, which are already capped. They added that re-allocations are no longer a viable method of increasing faculty in the high workload areas.

The proposed budget for the 1982-83 academic year for Plattsburgh State is \$20,033,100.

ENERGY COMMITTEE ANNOUNCES WATER CONSERVATION SUCCESS

Water consumption on campus was down 1,201,000 gallons in September compared to that same month last year, according to a report by the campus Energy Committee. The decrease in water usage resulted in an accompanying drop of \$1,000 in water and sewage fees for the month. The committee explained that the savings were achieved through the installation of water saver shower heads throughout the dormitories. Spokesman Derek Allan added that the decrease in water usage would have been even greater, but the dormitories were occupied one week earlier this year.

The cost of the water saving shower nozzles was \$1,677, making the payback time for the installation only 1.6 months. The conservation of hot water also led to a savings in fuel oil.

Allan said that this is only one of the steps being taken by the college in a continuing effort to conserve both energy and money.

UNITED WAY DRIVE TEAM LEADERS NAMED; STUDENTS ANNOUNCE FUND-RAISERS

United Way campus chairperson Griffin Walling has announced the team leaders for the 1981 fund drive. William Woltjen is in charge of operations, Jan Ryan is responsible for accounting and statistics, and Bernard Seawell will handle special gifts.

Division chairpersons include: Dr. Charles Warren (academic affairs), Dr. Hiong Liu (arts and science), Dr. Nicholas Troisi (professional studies), Bette Brohel (continuing education), Dr. Thomas Williamson, (general administration), Clara LaRose (business affairs), Laura Dominy (student services), Mal Collin and Gerald Dominy (maintenance and operations), Michael Carroll (Marriott), William Laundry, Laura Sadowski, and Steve Ackernecht (students).

Walling also noted that campus rallies are being held Wednesday, November 4. During the rallies, a brief film on the United Way will be shown and questions will be answered.

Students have completed several fund-raising activities and have others planned to benefit the drive. Steve Ackernecht said this week that a campus bowl-a-thon, a "tuck-in service," and a kissing booth have already raised over \$1,500. He added that various dormitories are sponsoring a rose sale, a penny drive, a cookie sale, a coffee house, a faculty/staff/student cocktail party and several fast days during the next month.

JAZZ ENSEMBLE'S RECORD NOW IN COLLEGE STORE

The record album cut by the college's Jazz Ensemble last spring is now available in the College Store. Band leader Herm Matlock describes the record as "pretty close to professional," adding, "Over 80% of what's in there is what is going out on a professional market. And it's as good as any college jazz ensemble you'll hear."

The album contains five cuts, including "Groovin' Hard," "Sweet Georgia Brown Upside Down," "Space Shuttle," "Notorious Tourist from the Far East," and "Land of Make Believe."

MEN'S SOCCER TEAM GETS PLAYOFF BID; WOMEN FINISH FOURTH

The Cardinal men's soccer team has received its first invitation to the NCAA Division III regional playoffs. After completing an excellent season with a record of 12 wins and 3 losses, Uwe Meyer's booters are seeded third in the four-team tourney and will play second-seeded St. Lawrence on Friday, November 6 at Cortland State. The winner of that game will meet the winner of the match between first-seeded Cortland and fourth-seeded Brooklyn College on Saturday.

The Cardinal women finished fourth in last weekend's AIAW regional playoffs. They defeated Albany State, 3-0, in their first game, but then lost to Rochester (the eventual playoff winner), 4-1, and Hartwick, 2-0.

'DARK OF THE MOON' TO OPEN NOVEMBER 11

"Dark of the Moon," a folk drama with music, by Howard Richardson and William Berney, will open a five-performance engagement at the Hartman Theatre on Wednesday, November 11. The play will be presented by the New Theatre Association and the theatre department.

"Dark of the Moon" deals with one of the legends of Barbara Allen, the siren of the Big Smoky Mountains and stars June Rosate (who recently played Miss Adelaide in "Guys and Dolls"). Gary Mitchell will be seen as John, the Witch Boy. Other leading roles will be played by Mike Rispoli, Kaarina Brown, Paula Pecor, Kevin Russell, and Kevin Saylor.

Highlighting the action are dance sequences and a musical arrangement by Cathy Supple, as well as the ballads and hymns of the mountain folk. Special lighting effects have been designed by Marc Rubenstein, new to the theatre faculty this fall.

Performances will be staged from Wednesday through Saturday at 8 p.m. and on Sunday at 2 p.m. To reserve tickets, call the Hartman Box Office, 564-2283 between 1 and 4 p.m.

'FESTIVAL QUEBEC' TO BE HELD NOVEMBER 11

French songs at lunch, a Quebecois dinner, and a group of singers, dancers and musicians will highlight next Wednesday's "Festival Quebec," sponsored by the Center of the Study of Canada.

The day-long festival will feature Quebec information booths in the College Center lobby. A group of elementary students from the Campus School will sing songs in French from 12:30 - 1 p.m. in the Orchard Room, where the luncheon special will be a "Quebecois specialite." Quebec students now enrolled at Plattsburgh State will speak about life in Quebec and their impressions of life here from 4 to 5:30 p.m. in the Cardinal Lounge. Club Canada will sponsor a buffet featuring several Canadian dishes, and the festival will conclude with Gaston Prevost and his Groupe Folklorique performing in the Ballroom at 7:30 p.m.

All events are free except the dinner, which is \$6. Tickets may be purchased at the Center for the Study of Canada.

OMNIBUS SERIES CONTINUES THURSDAY

The Omnibus Series will present its second set of interest sessions on Thursday, November 5, beginning at 4 p.m. in the College Center meetings rooms.

At 4 p.m., Dr. Nicholas Troisi, Dean of Professional Studies, will discuss "Success After College," Florence Hansen, assistant professor of home economics, will offer guidelines on "Maintaining a Nutritious Diet in a Cafeteria Setting," and librarian Patty Bentley will speak on "Women's Issues — Ambiguities of Public Policy in Regard to Employment."

At 5 p.m., Al Montanaro, chairman of the communications department and coach of the college's highly rated forensic team will speak on "Forensics — What's It All About." Dr. Jeanne Kissner, associate director of the Center for International Studies, will explain "SUNY — Study Abroad," and admissions director David Traux will talk about "Students as Admissions Recruiters."

The 6 p.m. session will offer acting vice president of academic affairs Dr. Charles Warren talking about "Genetic Manipulation," while Dr. Patrick Fleury, associate professor of mathematics, demonstrates another manipulation in his talk, "How to Solve Rubik's Cube in One Hard Lesson." Dr. William Culver, chairperson of the political science department, will speak on "Central America — Revolution in Nicaragua — Civil War in El Salvador."

COLLEGE COUNCIL TO MEET NOVEMBER 5

The regular monthly meeting of the College Council will be held on Thursday, November 5 at 4 p.m. in the 10th Floor Boardroom in the Kehoe Building. Dr. Herman Doh, chairperson of the Self-Study Accreditation Committee, will report on that committee's progress and Dr. Eldridge Roark, vice president for student affairs, will make a report on the intercollegiate athletic board.

VIEWBOOK, ALUMNI ADMISSIONS PROGRAM WIN SUNY AWARDS

The latest edition of the viewbook, "Plattsburgh," and the College's Alumni/Admissions Program were recognized as among the best in the State University of New York at the recent annual conference of the SUNY College and University Relations Council.

"Plattsburgh" received the award for excellence in the "publications for student recruitment-viewbooks" category. Numerous compliments have been received on the viewbook, including one from Donald Blinken, Chairman of the SUNY Board of Trustees, who said, "I don't know of a better one in the SUNY system!"

The current Alumni/Admissions Program was selected as one of the top entries in the "alumni programming-off campus" category. The cooperative effort by the offices of alumni affairs and admissions trains volunteer alumni to assist with admissions work. Training sessions have been held on campus for several years and this year, the program went a step further by offering four workshops in various parts of the state. Also this year, the first Alumni/Admissions Handbook was published to provide volunteers with information about housing, financial aid, and academic programs.

In addition to these awards, official presentation was also made of the award given to the Plattsburgh College Foundation for its Business/Corporate Campaign in the "excellence in fund raising" category.

PEER RECRUITMENT PROGRAM MUSHROOMS

Sixty-five students participated in two peer recruitment workshops held last week, according to Admissions Director David Truax, which is an increase of over 200%. Truax said the program has attracted between 15 and 20 students in past years and credited this year's increase to work by a student intern, Byron Pritchett, who coordinated the program and to more on-campus publicity.

Through the peer recruitment program, students visit high schools and two-year colleges in their home communities during vacation periods. During their visits, they talk to students and guidance counselors about Plattsburgh State from a student's point of view.

Truax considers the program a vital one to the college, citing freshman surveys which indicate that one of the most influential factors in a student's decision to enroll at Plattsburgh is information from friends and acquaintances who are already here. He added, "The program allows us to reach more students and more schools than we could normally reach in our recruitment tours. It also provides prospective students with more information to help them choose the right college for them, which impacts on retention."

GRANT APPLICATIONS, EXPENDITURES ON CAMPUS DOWN

New grant applications submitted during the first six months of the state's fiscal year have dropped 20% below the same period last year, according to a report prepared by Dr. Paul Roman, dean of graduate studies and research. During the same period, grant money expenditures have dropped 37%, with \$280, 158 having been spent this year, compared with \$445,816 last year.

Despite the decreases in both applications and expenditures, however, Plattsburgh State has held its relative position among the senior arts and science colleges in the SUNY system, ranking third in both categories. Old Westbury and Buffalo State have submitted more grant applications, and Buffalo State and Brockport rank first and second in grant expenditures.

The report notes a bright spot in the area of indirect cost recovery. The indirect cost rate-of-return this year has been 15.2%, compared with last year's rate of 13.7%. Roman indicated that, if the current rate continues, the college may well qualify again next year for the institutional research development allocation.

CANADIAN BUSINESSMAN TO PRESENT SYMPOSIUM

Ian Wilson-Smith, vice president of Hiram Walker and Sons, Inc. of Walkerville, Ontario, will be the guest speaker at a symposium Wednesday (Nov. 18) sponsored by the Center for the Study of Canada.

Wilson-Smith, a graduate of Cambridge University, has held several executive positions in the beverage alcohol industry in the United Kingdom and Canada. The symposium, which is designed for local businessmen and faculty, is titled "Operation of Canadian Multinational Corporations in the United States. It will be held at 3 p.m. in the Cardinal Lounge. At 8 p.m., Wilson-Smith will participate in a discussion with students from the business and economics department on "Management Practices of Canadian Business."

SOCCER PLAYERS RECEIVE HONORS

Sophomore defenseman John McDonagh and sophomore forward Jaime Parra have been named to the 1981 All-SUNYAC Soccer Team. Sophomore forward Joe Aguirre received honorable mention. All three received the SUNYAC honor for the second time.

McDonagh scored four goals and three assists during the regular season. The Cardinal co-captain is from London, England. Parra, of Puebla, Mexico, was the team's leading scorer with 6 goals and 10 assists. He scored a goal in Plattsburgh State's 3-2 overtime loss to St. Lawrence in the NCAA Division III regional playoffs this weekend. Aguirre, from Plattsburgh, scored three goals and three assists this season.

Plattsburgh State finished with a 4-1-0 record in the SUNY conference, good for second place in the Eastern Division and the second-best record overall.

Chris Shiely, a senior forward for the lady Cardinals, was named to the New York AIAW All-Tournament Team last weekend. Shiely, from Scotia, scored two goals and one assist in the three games the Plattsburgh State women played in the AIAW regional playoffs.

SPEECH AND HEARING WORKSHOP TO FEATURE ELISABETH WIIG

Dr. Elisabeth Wiig, internationally renowned researcher in the field of language and learning disabilities, will be the speaker at a workshop on November 13 sponsored by the department of hearing and speech science, and Eta Zeta.

The workshop will include sessions on assessment techniques and methods of intervention for the language and learning disabled child.

For more information, contact Debbie Hutchinson at 564-2170 or 564-2186.

TWO ART EXHIBITS TO OPEN SUNDAY

Works by Katherine Kadish and James Nolan will be on exhibit beginning Sunday afternoon and running through the end of the semester. An opening reception will be held Sunday from 2 to 5 p.m. in the Myers Gallery.

Katherine Kadish, a representational artist, is a member of the faculty at SUNY Binghamton. She has received many awards for her works and her work is included in the SUNY Poets and Artists show. Paintings, drawings, and prints by Kadish will be exhibited in the Myers Gallery.

Calligraphy by James Nolan will be on display in the Rockwell Kent Gallery Alcove. Nolan, who is currently an associate professor in the college's biology department, was formerly a professional calligrapher in New York City and now teaches a non-credit course on that subject.

TWIN VALLEYS BEING READIED FOR WINTER

Work is getting underway to prepare Twin Valleys for winter fun, according to College Auxiliary Services Director Stan Supinski. He explained that several students are now clearing brush and grooming trails for cross country ski enthusiasts, tobogganners, and snow-shoers. The 662-acre area will be open free of charge to faculty, staff and students on winters weekends as soon as sufficient snow falls. Supinski added that an area on the pond will also be cleared for ice skating, and one of the buildings will be open for use as a warming hut.

NEW TAP GUIDELINES REQUIRE SPECIFIC ACADEMIC PROGRESS

Students receiving funds through the Tuition Assistance program for the first time this semester are now required to adhere to revised standards on academic programs and program pursuit, in order to qualify for further TAP awards.

Financial Aid Director Suzanne Sokolowski explained that during the fall of 1981 a first-time TAP recipient must complete a minimum of six credits (developmental courses and "I" grades count towards completed courses, but "W" grades do not), and earn a total of three credits toward graduation with a minimum grade point average of at least .5 to qualify for the Spring 1982 TAP payment. In later semesters, the completed and cumulative credits and the GPA will increase with the number of TAP payment received.

For additional information on how these academic standards will affect TAP recipients, students should contact Tom Corigliano, Coordinator of Academic Advisement, or Sokolowski.

ADVISEMENT AND COURSE SELECTION REMINDER!

Coordinator of Academic Advisement Thomas Corigliano has announced that the official course selection advising period ends Tuesday, November 17. He suggests that faculty may wish to contact any advisees who have not had an advisement appointment. He also reminds students that if they have not yet made an appointment, time is getting short!

ART COLLECTION DONATED TO COLLEGE

A collection of art works valued at "well over \$60,000" has been donated to the Plattsburgh College Foundation through the Martin S. Ackerman Foundation of New York City. Gallery Director Edward Brohel said that the collection, which originally belonged to James W. Dye of Indiana, contains 128 items, including portfolios, screenprints, etchings, lithographs, paintings, drawings, books, series pieces and multiple sets. Fifty artists are represented in the collection, including Robert Motherwell, Larry Rivers, Julian Trevelyan, W.H.F. Talbot, Henry Moore, Richard Smith, and Conrad Marca-Relli.

Brohel said that the collection is presently being inventoried prior to its becoming a part of the college's permanent collection. Some of the works are expected to be placed on display in the Myers Fine Arts Building and the College Center and some will become part of "an excellent study collection" in the Rockwell Kent Gallery. The actual value of the collection is being determined by appraisers and will not be known for several weeks.

RETENTION COMMITTEE QUERYING NON-RETURNING STUDENTS

Nearly 500 students who chose not to return to Plattsburgh State this fall are being asked why by a group of administrators working on bettering the college's retention rate.

Thomas Moran, director of student development and Dr. Ann Hasting, assistant to the vice president for academic affairs, were assigned by Acting President Dr. Jerome Supple last fall to coordinate efforts to improve retention.

This week, Moran explained that the group has been working on a telephone survey of 485 non-returning students. The survey posed four questions: are you currently enrolled in college, did you begin at PSUC as a freshman or a transfer, when did you decide to leave PSUC, and why did you decide to leave? Moran said that, to date, 276 students or their parents have responded to the survey. Their responses have not yet been tabulated, but Moran expects that the results will be available within the next few weeks.

Moran said that this is the first time extensive efforts have been made to contact all non-returning students by telephone. In previous years, questionnaires have been mailed to this group of students, but the response rate has been too low to be useful.

The telephone calls are being made by students. The Harris Corporation in Champlain has allowed the student callers access to their phone system for the project. Students involved in the survey are Sue Glass, Pam Stephen, Colleen Dolan, Karen Nigolian, Elaine Clearwater, Rich Beatty, and Seth Stein.

CROSS COUNTRY TEAMS HEADING FOR NATIONALS

Both the men's and women's cross country teams are Wisconsin-bound after qualifying for the NCAA Division III cross country championships this past weekend. Plattsburgh State is one of only three schools to have both teams qualify to compete for the national title. Both teams are coached by Dick Fischer.

The Cardinal women were awarded an at-large bid Monday by the NCAA selection committee after having finished second to Union College in the qualifying meet by just one point. Three of the team members, Maureen McCoy, Lisa Holck and Maria Mason had qualified individually for the nationals by placing in the top ten in that meet. Those three, along with Mary Clark, Carole Jivin, Liz Watson, and Linda LaSalle will be the first female athletes from PSUC to compete in a national championship.

The Cardinal men took third place in a 22-team field in the qualifier Saturday, behind the University of Rochester and Fredonia State. Bob Brenner was the team's top runner, placing 13th. Other team members include John Melnick, Dave Champagne, Bill Jones, Mike Hellijas, John Marks, and Eric Day.

ALUMNI TELETHON NEARING COMPLETION

The first alumni telethon is nearing completion, according to Director of Alumni Affairs Malcolm Lavery. As of November 17, 947 gifts have been pledged, in the amount of \$14,998. Lavery explained that at least two more nights will be devoted to calling alumni living within New York State. He expects that two nights of telephoning out-of-state alumni will complete the campaign and reach the goal of \$20,000. Lavery reiterated that, in addition to raising money for scholarships, the goal of this year's alumni fund is increased participation on the part of alumni. He expressed pleasure at the fact that 655 of the alumni who have pledged are "first-time donors."

Lavery also commended the students who are working on the telethon for their continued dedication to the program and their enthusiasm, which he believes have been "the major reasons for the telethon's success."

AREA GUIDANCE COUNSELORS INVITED FOR WORKSHOP

Guidance counselors from all Clinton, Essex, and Franklin county high schools have been invited to participate in a day-long workshop at the college on December 2. The workshop, which is co-sponsored by the Admissions Office and Special Programs, is designed to acquaint or reacquaint the counselors with programs and services at Plattsburgh State.

After viewing a slide presentation on the college, participants will hear Dr. Charles Warren and Dr. Richard Robbins on the subject of the college's academic programs. Later in the morning, Patrick Lennahan will discuss career planning and placement, Suzanne Sokolowski will speak about financial aid, and Dr. Eldridge Roark will outline student services and development on campus.

During lunch, participants will hear a panel discussion by several students, and David Truax will present an admissions update.

The afternoon session will feature Special Program presentations by Peter Luguri, Keith Smith and Elizabeth Pasti. The program will conclude with campus tours.

KIWANIS CLUB DONATES TESTING EQUIPMENT TO SPEECH AND HEARING CENTER

The Plattsburgh Kiwanis Club has donated a four track signal-activated acoustic storage analyzer to the college's Speech and Hearing Center.

Hyman Freeman, acting chairperson of the hearing and speech science department, explained that the machine will expand the clinic's diagnostic capabilities by measuring frequency, intensity, and duration in a client's speech patterns. It will also be used to develop normative data on aspects of aging speech and voice. In addition, the analyzer will provide feedback to clients about their speech through a visual display. This will be particularly useful to hearing impaired and voice disordered individuals.

Terry Rogers, president of the Kiwanis Club, made the official presentation of the analyzer to the Center.

COLLEGE COMMUNITY ORCHESTRA TO PERFORM

The Plattsburgh College-Community Orchestra will present a concert on Tuesday, November 24 at 8 p.m. in the Hawkins Hall auditorium. The program will open with Rossini's "Overture to Semiramide," followed by "Introduction to Rondo Capriccioso" by Saint-Saens, with a violin solo by Yenoin Guibbory.

The program will conclude with Mendelssohn's "Symphony No. 5 'Reformation.'" The concert is sponsored by the department of music and the Student Association through the Campus Arts Council and the Music Council. It is open to the public and admission is free.

UNITED WAY CONTRIBUTIONS REACH 27.7% OF CAMPUS GOAL

Contributions to the campus portion of the 1981 United Way fund drive have reached 27.7% of the \$27,327 goal, according to campus chairperson Dr. Griffin Walling. Walling said that, as of November 11, \$7,582.36 had been pledged or donated by faculty and staff. Walling also noted that over \$1,500 has been raised by students through various projects such as a kissing both, coffeehouses, and fast days, but the money has not been officially recorded as yet.

Walling credited several team captains for their efforts in the drive. The most successful team to date has been Continuing Education, chaired by Bette Brohel, which has reached 99.2% of its goal. Karl Kramer's Professional Studies "B" team has collected 91.2%, while Laura Dominy's Student Services team is at 77% and the Arts and Science "B" team, captained by Robert Donaldson is at 72.7%.

Walling reminded the campus community that the drive is slated to end on November 30 and urged contributors to make their pledges soon.

NEW STUDENT ORIENTATION LEADERS CHOSEN

BOGUCKI AND GRUENDLING RECEIVE \$39,800 GRANT TO MAP APA WETLANDS

Dr. Donald Bogucki, professor of geography, and Dr. Gerhard Gruendling, professor of biological sciences have been awarded a \$39,800 grant to map the wetlands within the six-million acre Adirondack Park.

Gruendling explained the project. "Wetlands are protected areas, but, in most cases, only those larger than twelve or fifteen acres are mapped. For its purposes, the APA must have all wetlands one acre or larger mapped and classified."

The two will use black and white aerial photographs on a 1:80,000 scale and color infrared photographs on a 1:120,000 scale to develop maps. Not only will the locations be mapped, but the type of vegetation will also be determined and classified. The photographs have been already provided, some from the Air Force and others from the National Wetlands Inventory. Bogucki and Gruendling are now studying the photographs in the college's remote sensing laboratory.

Most of the classifications will be verified in the field, Gruendling added. He and Bogucki will visit many of the wetland areas on foot. Others, located in more inaccessible terrain, will be surveyed via low-level flights.

SA ELECTIONS SET FOR DECEMBER 8; NYPIRG CHAPTER FUNDING ON BALLOT

Student Association elections are set for Tuesday, December 8, and, in addition to contests for various offices, students will decide whether \$2 per semester will be added to their activity fee.

Running for president of the Student Association this year are Mark Cherry and Randy Prior. Greg O'Brien is being challenged in his bid for reelection as executive vice president by Shelly Wilsey, and Rex Ingerick and Thomas Swan will vie for the position of vice president for finances. Running unopposed are Angela Cacchione for vice president for activities, Cynthia Boadway for vice president for the arts, Jim DeLuca for vice president for student services, Scott DeSano for vice president for academics, and Timothy Mante for court of appeals chief justice. Four associate justices will be elected from a slate of eight candidates, which includes Spencer Weisbroth, Frank Cutie, Karen Merone, Judy Giarratano, Theresa Ruggiero, Lillian Ahr, Sean Whittle, and Christopher Alsdorf.

Fifteen senators will be chosen from the following thirty-four candidates: Linda Blaize, Peter Johnson, Bryan Behuniak, Bill Lazarony, Dolores Baldasare, Jeff Jordan, Sharon O'Sullivan, Mary Lynn Ackerson, Andy Stroh, William J. Borfitz, Allison Slater, John D. Fox, Mike Venne, Elizabeth Walker, Brian L. Hatfield, Byron E. Pritchett, Cheryl Hajdasz, Daniel DeMonte, Tony Ranni, and Mindy Gasthalter.

Also, Joel Kraus, James Greenbaum, Tom Dexter, John Jericiau, Sandra Slacer, Judith J. Jones, Thomas Paolucci, Elizabeth Fallon, Richard Biros, John Schof, Peter Achonjei, Kim Laurie, Frank Antalek, and Alan VanderWerf.

Also on the ballot is a referendum on funding a Plattsburgh Chapter of the New York Public Interest Research Group, Inc., known as NYPIRG. If students approve the referendum, \$2 per semester will be added to their Student Activity Fee to fund the group.

OMICRON DELTA KAPPA TO INDUCT; DR. EDWARD REDCAY GRANTED HONORARY MEMBERSHIP

Forty-one students and three alumni will be inducted into the campus circle of Omicron Delta Kappa, the national leadership honor society, on Saturday. The ceremony will be held at 3:15 p.m. in the Blue Lounge and will be conducted by Joel Graves, chapter president, Laura Sadowski, vice president, and Dr. Eldridge Roark, faculty secretary.

Dr. Edward Redcay, professor emeritus and former dean of the college, will be granted honorary membership in the society. Membership in Omicron Delta Kappa is based on academic achievement, leadership qualities, and outstanding character.

Sixteen major programs of study are represented by the twenty-five female and sixteen male students to be inducted. The group GPA for the thirty-four seniors and seven juniors is 3.39.

The three alumni members being inducted are former members of the Omicron Kappa Delta local leadership society. They are Robin A. English '79, Deborah Milne '79, and Richard Mole '79. Mole is currently Director of Campus Life Programming.

The new student members are: Kay B. Alexander, E. Marie Barber, Cynthia A. Bilow, Michele L. Bronzo, Deborah J. Claeys, Diane M. Cossaboon, James J. DeLuca, Abby M. Fisher, Mindy E. Gasthalter, Linda M. Hale, Jennifer Horn, Rexford D. Ingerick, William J. Jacobsen, John J. Jericiau, Margaret M. King, Laura M. Lavan, Lynn A. Lisy, Steven J. Mackesy, Timothy F. Mante, Carolyn M. Martens, and Jonathan S. McAnney.

Also, Jane E. McKenna, Melanie Meacher, Gary S. Mitchell, JoAnn Morrissey, Kevin D. Morrow, Sharon A. Northrup, Kelly J. O'Neill, Theresa M. Perrin, Joan Platania, James R. Rhea, June A. Rosate, Brian J. Ruede, Rich Santerre, Elizabeth L. Saunders, Scott M. Schimmel, Noreen A. Stout, William B. Terry, Kathryn G. vonColln, Jeffrey L. Woodruff, and Deborah I. Young.

CHAIRMAN OF MIDDLE STATES INSPECTION TEAM TO VISIT CAMPUS TUESDAY

Dr. David Adamany, vice president for academic affairs at the University of Maryland and chairman of the Middle States Association reaccreditation evaluation team which will visit the campus in April, will pay a preliminary visit to the college on December 8. Dr. Herman Doh, chairman of the self-study committee, said this week that the "pre-final draft" of the self-study report has been reviewed by the executive staff and by the Faculty Senate executive committee, as well as by Adamany. He explained that Adamany will meet with the self-study steering committee, Dr. Supple, and the executive staff on Tuesday to discuss the "pre-final draft" and the college's readiness for the team evaluation.

CAMPUS RESEARCH DEVELOPMENT FUNDS ALLOCATED

The Campus Research Development funds received this fall from the SUNY Research Foundation have been allocated to three departments, according to Dr. Paul Roman, dean of graduate studies and research. Roman explained that an ad hoc committee, consisting of Dr. Jerome Supple, acting president, Dr. Charles Warren, acting vice president for academic affairs, Dr. Houg Liu, acting dean of arts and science, Dr. Nicholas Troisi, dean of professional studies, and himself awarded \$3,000 to the biological sciences department, \$1,000 to the environmental science department, and \$600 to the chemistry department. The remaining \$1,700 from the \$6,300 grant will be awarded at a later date.

Roman said that, according to SUNY regulations, the money was to be distributed among those departments, units or research groups which contributed significantly to the generation of indirect costs and must be used to further research capabilities or to generate new grants.

MAYOR TO SPEAK ON PROPOSED VERDANTIQUE PARK PLAN

Plattsburgh Mayor John Ianelli will be the guest speaker at an informational meeting next Thursday on the city's proposed plan for park development along the Saranac River. The Campus Beautification Committee is sponsoring the meeting.

Committee spokesman Derek Allan explained that the City of Plattsburgh has commissioned a master plan for "Verdantique Park," which would be an "urban cultural park along the Saranac River." The proposed park would run the length of the river from Adirondack Lane to its mouth.

According to the plan, "On SUNY property, separated paths would continue within wooded areas along the top of the riverbank. Several sitting areas would be provided. Connections with existing campus path systems should be coordinated."

The informational meeting will be held at 3:30 p.m. on December 10 in the College Center Ballroom. It is open to the campus community.

UNITED WAY CONTRIBUTIONS NOW AT 53.9% CAMPUS GOAL

Faculty and staff contributions to the 1981 United Way Fund Drive now stand at \$14,732.23, or 53.9% of the campus goal, according to Dr. Griffin Walling, who is coordinating the campus effort. Student fund-raising efforts will raise the campus total, but have not yet been officially reported.

Two faculty teams have gone over their goal. Karl Kramer's Professional Studies "A" team has collected \$2,933 in gifts and pledges, which is 117.3% of their goal. Laura Dominy's Student Services team has reported gifts of \$2,049, or 102.5% of goal.

Although the drive was slated to be completed by November 30, Walling said contributions and pledges were still coming in. He added, "I urge everyone to make a concerted effort to make their contributions as quickly as possible and to be as generous as possible."

FINANCIAL AID WORKSHOPS SET FOR DORMITORIES

Procedures for applying for federal, state, and local financial aid programs for 1982-83 will be explained to students in workshops set for dormitories and the College Center during the next week. Financial Aid Director Suzanne Sokolowski announced the workshops saying, "Although the uncertainty of federal funding for student aid programs may affect the amounts for which each student is eligible, it should not stop students from applying for every type of aid available."

Sokolowski explained that the dorm workshops are scheduled for December 7 in Hood and Mason Halls; December 8 in Adirondack, Macomb, and Moffitt; and December 9 in deFredenberg, Macdonough and Whiteface. All dorm workshops will begin at 10:15 p.m. Workshops for commuter students are set for December 8 and 9 at noon and 4 p.m. in the College Center Amnesty Room.

The 1981-82 Financial Aid Forms will be placed in all dorm mailboxes the evening preceding the workshops. Commuter students may pick them up at either the Financial Aid Office or at the Outreach Center.

JANUARY APPLICATIONS DOWN, DEPOSITS UP 90%

Applications for admission to the college for the spring semester have dropped 9% from last year at this time, according to Admissions Director David Truax, but the number of deposits received to date has risen 90%. The number of acceptances offered has remained the same.

Truax explained that, at this time last year, 408 acceptances had been offered to applicants. This year, 411 offers have been made. However, the yield rate (the number of applicants accepting the offer of admission) has jumped from 22% last year to 42% this year. To date, 171 deposits have been received from accepted students, as compared to last year at this time, when 90 deposits had been received. Twenty-five deposits are from freshmen, one hundred from transfer students, and the rest from students to be re-admitted.

Truax said that last year, 417 students were actually admitted and added that this year's target is approximately the same. He expects little difficulty in meeting the target figure. Truax added that the quality indicators of the incoming students are as good as or better than those of students admitted in September. He mentioned that transfer students must have a minimum 2.0 grade-point average to be considered for admission. He added that, because of the enrollment ceilings in business, accounting, computer science, and mass media, the minimum GPA for acceptance in those programs now stands at 2.5.

GRADUATE ENROLLMENT DROPS 5.2%

The total number of enrolled graduate level students at the college showed a decrease of 5.2% this year, according to a report prepared by Dr. Paul Roman, dean of graduate studies and research. The total number of enrolled graduate students this fall was 437, as opposed to 461 last fall. However, the number of matriculated students increased from 209 to 277, an increase of 8.6%.

Roman attributed the decrease in total enrollment in part to the college's increased insistence on early matriculation and in part to an extremely large number of degree completions last spring. One hundred twenty-one students received MA, MS, or CAS degrees last May, as opposed to 87 in 1980.

The report shows a continued steady growth in students enrolled in Arts and Science programs, and also in Professional Studies programs, but a slight drop in students enrolled in the MALS program.

Significant increases occurred in Hearing and Speech Science, Psychology, Reading Specialist, and Administration and Supervision CAS programs.

Presently, 92 graduate students are enrolled full-time, while 345 are enrolled on a part-time basis.

STUDENT ASSOCIATION ELECTIONS HALTED; RESCHEDULED FOR THURSDAY

Student Association balloting was halted Tuesday morning when it was discovered that the names of two candidates for the position of senator had been left off the ballot. The mistake will be corrected and the election will be held on Thursday, December 10. Voting will take place in Clinton Dining Hall from 11:30 a.m. to 7:30 p.m., in Algonquin Dining Hall from 11 a.m. to 7 p.m. and in the College Center from 9 a.m. to 5 p.m.

MCDONAGH AND PARRA RECEIVE SOCCER HONORS

John McDonagh and Jaime Parra have been named to the first and second team, respectively, of the 1981 All-New York State Soccer Team-Division III by the National Soccer Coaches Association of America. Fifty-two colleges in New York compete in Division III soccer.

Both players were named to the All-SUNYAC first team earlier this fall. McDonagh, a sophomore half back on the team, hails from London, England. He scored four goals and three assists during this year's successful season. Parra, the team's leading scorer with 6 goals and 10 assists, is a sophomore winger from Puebla, Mexico.

Soccer coach Uwe Meyer commented, "An accomplishment such as this is not only a tremendous honor for John and Jaime, but is also an indication of the effort put forth by the rest of the team."

ECONOMICS HONOR SOCIETY INDUCTS TWELVE

The Alpha Sigma Chapter of Omicron Delta Epsilon, the national economics honor society, inducted twelve new members in a ceremony held at the Valcour Conference Center on Saturday. Dr. Edward Shapiro was the guest speaker for the occasion. Dr. Prem Gandhi, faculty advisor for the organization, explained that membership in the society requires a minimum of 12 credit hours in economics with a B or better overall average.

New members include Michael J. Buckley, Michael F. Capra, George L. Fredette, Kimberly Ann Holroyd, Marjorie Jean Kiesel, James Robert LaDez, Ilene Joyce Litsky, Edward John Selig, James Parker Smith, Linda L. Stadtmiller, Christine A. Storonsky and Lucy J. Winchester.

NEW PARENT ORIENTATION LEADERS CHOSEN

Four students have been selected by the Office of Campus Life as parent orientation leaders for the 1982 Parent Orientation Program. New leaders include Alan Vanderwerf, a senior business management major; Dexter Jenkins, a senior geology major; Theresa Siroky, a junior journalism major; and Noreen Murphy, a junior elementary education major.

Jim Prehoda, who is currently the residence hall director of Mason Hall and a graduate Counseling student, has been chosen to serve as the assistant coordinator of the 1982 Parent Orientation Program. Richard Mole, director of campus life programming will assume the responsibilities of the program as coordinator.

THE INVITATION STILL STANDS FOR DONATIONS TO LIBRARY FUND

The Plattsburgh College Foundation is currently contacting faculty and staff for the second time asking them to participate in the library fund drive. Foundation Executive Director Donald Garrant explained that funds are needed for journal subscriptions and books for the Feinberg Library. He added that, for each \$25 contribution, a book will be inscribed with the donor's name. Checks may be made payable to the Plattsburgh College Foundation, Inc. and sent to the Office of College Relations, Kehoe 807.

HOCKEY TOURNAMENT TICKETS AVAILABLE FROM ALUMNI OFFICE

Center ice tickets for the I Love N.Y. hockey tournament are available this week only from Malcolm Lavery, director of alumni affairs. The tournament will be held at the Olympic Arena in Lake Placid on December 29 and 30. On Tuesday evening, the Cardinals will take on Cornell University at 6 p.m., and Clarkson and Boston College will face off at 9 p.m. The consolation and championship contests are set for 6 and 9 p.m., respectively, the following evening.

Lavery said that tickets are priced at \$7 each per evening and may be reserved by calling the alumni office at 564-2090 by Friday, December 11. After that date, tickets must be obtained directly from the Olympic Arena box office.

The alumni office will sponsor a hospitality suite for Plattsburgh fans at the Lake Placid Resort Center each evening after the games.

CPR COURSES OFFERED TO FACULTY AND STAFF

A course to train faculty and staff members in cardio-pulmonary resuscitation has attracted 140 registrants. Personnel Director Vic Ovalle said he was amazed at the response.

Ovalle explained that security chief Larry Lorch had suggested training employees in the various areas of the campus in the life-saving technique, so that someone would be near to respond in an emergency. With one seventh of the campus employees signing up, Ovalle said that goal would certainly be attained.

Ray Wrisley, supervising campus security officer, will teach the course. The basic course will take eight hours and will be taught in two four-hour sessions. A four-hour refresher course for those already trained in CPR techniques will also be offered. Each session is limited to 10 participants, so several will be scheduled. Ovalle hopes to have one section completed before Christmas. He stressed that the course is a physically strenuous one.

HEALTH EDUCATION ASSOCIATION WINS MEMBERSHIP AWARD

The college's Health Education Association won the 1981 membership drive sponsored by the New York State Federation of Professional Health Educators and presented at their recent conference in Rochester. Instructor Lori Bechtel said the campus association has over 40 student members and 29 of those members joined NYSFPHE, earning them the award. Twenty students attended the conference and ran a booth offering information on Plattsburgh's health education program.

FORENSIC TEAM PLACES FIFTH IN PENNSYLVANIA TOURNAMENT

The Plattsburgh State Forensic Union captured fifth place this past weekend at a speaking competition held at Luzerne County College in Pennsylvania. Fifteen teams participated.

The individual team leader was Roger Sadler who took first in persuasion, second in rhetorical criticism, fourth in extemporaneous speaking, fifth in impromptu speaking, fifth in original poetry to win the fourth place trophy in pentathlon competition. Also placing was Nora Finn who captured second place in epideictic speaking and third in original poetry.

George Mason University of Virginia, last year's national champions, won the tournament with 237 points.

This was the last tournament of the semester for the Plattsburgh team. Next semester, the team will travel to tournaments in Burlington, Niagara Falls, Ithaca, Shippensburg (Pennsylvania), Central Connecticut, Boston, Southern Connecticut. The season will conclude with the state championships at Dutchess Community College, and the national championships in Ohio.

Notes

Upward Bound is seeking qualified candidates for the fifteen positions as **Tutor/Counselors** with the 1982 Summer Program. Applications can be picked up at the Upward Bound Office (133 Court Street) or at the College Center Desk. The application deadline is February 1, 1982.

PRIOR AND WILSEY TO LEAD STUDENT GOVERNMENT

Randy Prior, a senior business/communications major from Scarsdale, NY, is the new president of the Plattsburgh State Student Association. Prior won the post handily last week, defeating Mark Cherry by a vote of 1,007 to 744. Junior Shelly Wilsey, a junior history major from Liverpool, NY, defeated incumbent Greg O'Brien for the post of executive vice president, 995-765.

In other contested races Rex Ingerick defeated Thomas Swan (913-861) for the post of vice president for finances, and Judy Giarrantano, Theresa Ruggiero, Karen Merone, and Sean Whittle were elected associate justices on the court of appeals.

Running unopposed were Angela Cacchione for vice president for activities, Cynthia Boadway for vice president for the arts, Jim DeLuca for vice president for student services, Scott DeSano for vice president for academics, and Timothy F. Mante for chief justice of the court of appeals.

Fifteen senators were also elected. Tom Dexter was the highest vote getter with 1,001, followed closely by Allison Slater, with 993. Other new senators are Brian Hatfield, Andy Stroh, Sharon O'Sullivan, Linda Blaize, Joel Kraus, Sandra Slacer, John D. Fox, Dolores Baldasare, Tony Ranni, James Greenbaum, Peter Johnson, Bryon E. Pritchett, and Judith J. Jones.

The number of election ballots cast in Thursday's election totalled 1,976, eclipsing last year's record vote by more than 300. The election was postponed from the original date because of an error on the ballot.

The Student Association exercises control over an annual budget of over \$450,000, which funds all extracurricular activities on campus, including athletics, the arts, recreation, clubs and organizations, and intramurals.

THREE HUNDRED TO RECEIVE DEGREES FRIDAY

Approximately 300 candidates will receive bachelor's or master's degrees or certificates of advanced studies during the annual winter commencement exercises on Friday. Acting President Jerome Supple will preside at the exercises and will confer degrees. Acting Vice President for Academic Affairs Charles Warren will present the candidates.

Jan Edwards, assistant to the president and a winner of the 1980 Chancellor's Award for Excellence in Professional Service, will be the principal speaker. Her address is titled "Congratulations and Condolences."

The ceremony will be held at 2 p.m. in the Hawkins Hall Large Auditorium. Graduates are asked to assemble at 1:15 p.m.

Immediately following the commencement ceremony, a reception for graduates, their parents and guests will be hosted by Acting President Supple in the College Center Ballroom.

NYPIRG REFERENDUM PASSES BY 24 VOTES

Two thousand and fourteen students cast ballots on a referendum to raise the mandatory activity fee by \$2 per semester to establish a chapter of the New York Public Interest Research Group on campus last week. After the original 24-vote victory for the referendum was announced, a recount was requested. The recount, conducted Tuesday afternoon, changed the total vote by ten, but the margin remained the same. The final tally was 1,019 yesses and 995 noes.

REORGANIZATION OF INSTRUCTIONAL RESOURCES CENTER BEING CONSIDERED

Faculty Senate committees are considering a proposed plan to reorganize the Instructional Resource Center (IRC). The possible reorganization was studied first by an ad hoc committee appointed by Vice President Supple in the fall of 1980 and more recently by a committee chaired by Acting Vice President Warren.

The proposed plan would dissolve the existing structure of the IRC and relocate its functions and services. Under the plan, classroom media distribution and the Learning Opportunities Center would be moved administratively to the Library and would become an integral part of the library as an expanded information system for students and faculty. Functions and services related to equipment purchase, maintenance and repair would be a separate unit called Instructional Engineering and Maintenance. Functions and services related to television — Mass Media, classroom production, instructional television development campus-wide, etc. — would be under the supervision of the communications department.

Discussing the proposed plan, Warren said it should enhance the IRC's current functions and would not eliminate any positions.

FORENSIC TEAM RANKED FIFTH IN NATION FOR 1980-81 SEASON

The Plattsburgh State forensic team was ranked fifth in the nation for the 1980-81 season, from among 800 colleges and universities with teams. The ranking is determined by the Intercollegiate Speech Tournament Committee of the American Forensic Association and is based on the number of first, second, and third place finishes accumulated by each school which attends ten or more tournaments.

Forensic coach (and chairperson of the communications department) Al Montanaro explained that between 1972 and 1975, PSUC ranked consistently in the top five. In 1976 and 1977, the team stayed in the top ten, but from 1978-80, budget restrictions cut the number of tournaments below the required ten. In the 1980-81 season, the team competed in just ten tournaments to gain the fifth place ranking behind Bradley University, George Mason University, Clarion State, and the U.S. Air Force Academy.

Montanaro noted that two other schools listed in the top twenty are coached by PSUC graduates and former forensic team members. Ed Harris '74 coaches the Suffolk University team, and Chris Sadler '80 is the coach of the team at St. Cloud State.

HARRIS' BOOK ON EVOLUTION PUBLISHED

Evolution: Genesis and Revelations, written by Dr. C. Leon Harris, associate professor of biological sciences, has been published by the SUNY Press and is now available in the college store. Harris explained that the book contains a history of ideas about the origin of species, ranging from the "Genesis" account from the Bible through early Greek and later Middle Ages beliefs and concluding with modern socio-biological thought.

Season's Greetings

HUDSON SYMPOSIUM TO ANALYZE EFFECT OF PROGRESS ON QUALITY OF LIFE

A \$9,500 grant from the Wenner-Gren Foundation will help to fund next spring's Hudson Symposium, which is titled "Paleopathology and Socioeconomic Change at the Origins of Agriculture." Dr. Mark Cohen, associate professor of anthropology and the organizer of this year's conference, explained that the week-long meeting will be held at the Valcour Conference Center from April 25 through May 1. The goal of the conference, according to Cohen, is to analyze changing patterns of stress associated with socioeconomic change among populations in various world regions before and during the transition from hunting and gathering to agriculture and to discuss whether "progress" has had positive or negative effects on the quality of life. New techniques in paleopathology and a new emphasis on populations as units of study now make it possible to get direct evidence of the interaction of biological and economic variables at the actual time of economic transition.

Scientists from across the United States and Canada have indicated interest in participating in the symposium.

UNITED WAY CONTRIBUTIONS HIT 78.5% OF CAMPUS GOAL

Contributions and pledges from faculty, staff and students to the 1981 campus United Way fund drive have reached \$21,461, or 78.5% of the campus goal of \$27,327, according to coordinator Dr. Griffin Walling. This week's total includes \$2,000 raised by students through various activities such as a kissing booth, a penny drive, and fast days. Two more teams have gone over the 100% mark, the Arts and Science "B" team chaired by Dr. Robert Donaldson (110.2%) and the General Administration team led by Dr. Thomas Williamson (114%).

Walling said this week that the campaign is rapidly drawing to a close and again urged faculty and staff to make their pledges and to be generous.

SEARCH UNDERWAY FOR DIRECTOR OF BUSINESS AND ECONOMICS CENTER

A nationwide search is underway for a Director of the college's upcoming Center for Business and Economics. The search committee is chaired by Dr. Robert Withington, associate professor of business and economics. Members of the committee include: Dr. Fouad El Taher, Dr. Daniel Lynch, Ronald Hobson, Dr. Raymond Guydosh, William Kelting, Dr. Timothy McGrath, and Raymond Thoren from the department of business and economics; Dr. Thomas Williamson, Director of the Technical Assistance Center; Joan Saunders, representing the Business Advisory Council; Al Mihalek, assistant to the dean of arts and science; and students Thomas Arpei, Clinton Watt, Margaret Amoroso, and Martin Penoit.

Applications, including a letter of application, curriculum vitae, and three statements supporting a candidacy should be sent to Withington, Hudson Hall 101. The closing date for applications is January 31, 1982.

THE KINKS TO PLAY FIELD HOUSE IN JANUARY

Tickets are now on sale for the Student Association sponsored Kinks Concert, which will be held at 8 p.m. in the college field house on Friday, January 22. Mark Christiansen, director of the college center, said Monday that tickets for the concert were being purchased at a record pace.

Tickets are \$6 for SA members and \$8 for the general public. They may be purchased at the College Center desk, Cahill's, The News Depot or at Bailey's Music Room in Burlington.

PUBLIC SKATING HOURS EXPANDED DURING SEMESTER BREAK

Public skating hours at the field house have been expanded during the holiday season. The new hours will be: December 26 — 1 - 2:30 p.m.; December 27 and 28 — 1:30 - 3 p.m.; December 30 — 2:30 - 4 p.m.; January 2 — 1 - 2:30 p.m.; and January 3 — 1:30 - 3 p.m. Admission is 50¢ for PSUC faculty, staff, students and their families and \$1 for the general public.

LAST WEEKLY UNTIL JANUARY 13

This will be the last WEEKLY published until the second semester begins. The next issue will be distributed on January 13.
